

WESTMINSTER CITY COUNCIL

STATEMENT OF DECISION

SUBJECT: STRAND UNDERPASS CEILING REPAIRS

Notice is hereby given that , Cabinet Member for City Highways, has made the following executive decision on the above mentioned subject for the reasons set out below.

(
Approval is sought to replace a section of the suspended ceiling in the Strand Road Underpass which had to be removed fro safety reasons.
)

Summary of Decision

In the absence of the Cabinet Member for City Highways, the Leader of the Council approved capital expenditure to reinstate the defective section of suspended ceiling in the Strand Road Underpass. Funding for these works exists within the City Management and Communities Capital Programme for 'Tunnel Improvements' and Planned Preventative Maintenance.

The ceiling is an essential component of the underpass. It helps to provide a uniform light reflectance in the tunnel and also has important fire protection properties.

The replacement ceiling has been re-designed such that if significant water ingress into the tunnel were to occur again, the water would be managed more effectively.

Reasons for Decision

**Charlie Parker, Chief Executive,
Westminster City Hall,
64 Victoria Street
