

## **Appendix A - Other Implications**

### **1. Resources Implications**

Key areas to be considered in terms of resourcing the procurement process are detailed in section 8 of the procurement strategy. However, it should be noted that additional resources may be required at different stages of the procurement process, such as the evaluation of the Selection Questionnaire and Invitation To Participate in Negotiation(s) submissions as part of the process.

### **2. Risk Management Implications**

Key procurement and project risk implications have been identified in section 11 of the procurement strategy.

### **3. Responsible Procurement**

Consideration has been given to Responsible Procurement, and has been aligned to the objectives of this scheme in Section 6.7 of the Procurement Strategy under the following categories;

- Sustainability
- Social Value
- Diversity & Inclusion
- Modern Slavery & Human Rights
