()

Summary of Decision

Recommendations

- 1. That the Cabinet Member for City Highways welcomed the petition but deferred any decision on a Zebra crossing until the outcome of the 20MPH trial was complete.**
- 2. That the Cabinet Member for City Highways noted that a response has been provided to the issue raised in the petition and that the lead petitioner is advised of the action to be taken in respect of this matter.**

Reasons for Decision

- 1. To respond to the issue raised in the petition presented by Councillor Patricia McAllister to the Full Council meeting on 12th July 2017.**
- 2. A zebra crossing should not be implemented at this stage for the following reasons:**
 - The accident data for the area did not currently indicate an intervention was necessary.**
 - The 20MPH trial should reduce traffic speeds, and would collect data on traffic volumes and speeds.**
 - The crossing point outside the school was already supported by a school crossing patrol officer.**
 - There was no assigned budget to cover the likely costs of c.£100k for the study, design and works for the crossing.**
