Procedure for virtual hearings held under the Licensing Act 2003

The purpose of this procedure is to clarify how the Licensing Sub-Committee (“the Sub-Committee”) will conduct virtual licensing hearings made under the Licensing Act 2003 (as amended) and for licensing applications under other regimes. All hearings are conducted with due regard to the Council’s Constitution, relevant legislation and case law, regulations and guidance.

Accessing virtual hearings

Virtual Licensing Sub-Committee hearings will be held on Microsoft Teams as a live Teams event. Each application will be dealt with by a separate Teams meeting. All applicants, responsible authorities and other persons (who have submitted a valid representation) (collectively called “Parties”) will be provided with a link to the meeting beforehand. **Only these parties will be able to participate in the hearing** (together with their adviser) provided they have registered, in advance, with the Licensing Authority, as specified below. A link for the general public to watch the meeting will be available on the Council’s website.

Final Submissions before the Hearing

The parties (or their representatives) should use their best endeavours to ensure that all of their final submissions have been made so as to be included in the Sub-Committee report (typically **no later, than 5.pm, 5 working days** before the Sub-Committee hearing). This means by 5pm on the Thursday, the week before the Sub-Committee hearing is due to take place. Final submissions should set out the key points, policies and conditions that a party wishes the Sub-Committee to take account of in determining the application. Any final submissions that a party wishes to make, (that have not been submitted so as to have been included in the report), **must** be submitted to the Licensing Service by **no later than 12 noon 3 working days** before the hearing is due to take place. The Licensing email address is: Licensing@westminster.gov.uk.

Rules during Licensing Hearings

The following rules must be followed by all parties to ensure the virtual hearing can progress as successfully as possible:

- All parties wishing to participate in the hearing **must** register their wish to participate in the hearing and provide their email addresses to the **Licensing Service at Licensing@westminster.gov.uk** no later than **12 noon on the Monday before** the Thursday hearing is scheduled to take place.
- All parties **should join the virtual hearing at least 15 minutes before the advertised start time** to ensure they are ready to start at the advertised start time. After the advertised start time has passed no registered parties will be allowed to join, except in exceptional circumstances, when permitted by the Chairman, as this could disrupt the meeting.
- All parties must only address the hearing when invited to do so by the Chairman.
- All parties must keep their microphones on mute unless they are speaking. The Chairman has the ability to mute all parties’ microphones.
- If a party wishes to interject, they should put their name in the messaging field. The chairman has the discretion to invite the party to make their comment at an appropriate stage in the hearing.
- All parties are asked to keep their comments as succinct as possible.

- If a party has a question for another party, this must be addressed to the Chairman who will have the discretion to ask the relevant party to respond.
- Parties wishing to make suggestions as to the conditions that may be imposed in the event of the application being granted should do so by reference to the schedule of proposed conditions set out in the Conditions Schedule annexed to the committee papers. In so doing, they should use the same numbering in that schedule. This is to ensure that there is ease of referencing the conditions by all the parties.
- To ensure the smooth running of hearings, a time limit will be placed on each party's submissions. This time limit must be adhered to but the Chairman has the flexibility to amend the time limit when it is considered appropriate to do so.
- When referring to the hearing papers, participants should give the page and paragraph number when appropriate.
- The Chairman has the discretion to amend these rules in any given case where they consider it is appropriate to do so.

Procedure

1. The Chairman will open the meeting and introduce the members of the Sub-Committee and the other officers attending with the members, including the legal adviser, policy adviser and committee officer.
2. The Chairman will confirm the procedure that the hearing will follow.
3. The Sub-Committee members and officers will be asked to declare any interests they may have and any other procedural business will be transacted.
4. The presenting officer from the licensing service will introduce the application, giving a brief description of the application and introducing all the Parties in attendance for each application
5. Each party who has registered to speak, will be invited to make their representations and will be allowed **a maximum of 10 minutes each**. In order to ensure that the hearing is fair to all parties and is conducted in an orderly manner, the Chairman has the discretion to extend this time limit where it is appropriate for the determination of the application.
6. Parties will normally speak in the following order, (the order may change for other types of licensing applications):
 - a. The applicant
 - b. Responsible authorities
 - c. Other persons
7. The Chairman has the right to grant each party the opportunity to ask questions of each other for the purposes of clarification only where it is appropriate to do so. The Sub-Committee members will then be able to ask questions of the parties.

8. The legal adviser and/or policy officer may ask questions of the parties as they consider appropriate, including in relation to the conditions which should be attached to the application if the Sub-Committee is minded to grant the application.
9. Each party will have an opportunity to make a short closing submission each (not introducing any new evidence or case law) of no more than **5 minutes each**, in the following order:
 - a. Responsible authorities
 - b. Other persons
 - c. The applicant
10. The Chairman shall then **close the meeting** and all parties will leave the meeting. A Decision will not be announced at the end of the hearing unless there is a legal requirement to do so.
11. The Sub-Committee will deliberate in closed session and all parties will be advised of the outcome in a written Summary Decision. Unless otherwise required or permitted by Regulations, summary decisions will be made within a period of five working days of the last day of the hearing. The written summary of the decision ("Summary Decision") will be sent to all the parties as soon as possible after the Decision has been made. The full Decision, setting out the reasons for the Decision, (Formal Notification) will be sent to the parties as soon as possible thereafter. The time limit for appealing will not commence until the Formal Notification has been sent to the parties.

The premises are located within the West End Cumulative Impact Area and as such various policy points must be considered, namely CIP1, COMB1 and PB1.

Policy CIP1 states:

A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:

1. Vary the hours within Core Hours under Policy HRS1, and/or
2. Vary the licence to reduce the overall capacity of the premises.

C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.

Policy COMB1(B) states:

Applications inside the West End Cumulative Impact Zones for premises that propose to operate as a 'combined use premises' will be considered on their merits and subject to:

1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1.
2. The hours for licensable activities for the relevant premises use being within the council's Core Hours Policy HRS1.
3. The applicant demonstrating that they will not add to cumulative impact within the Cumulative Impact Zone.

In accordance with COMB1(B) the applicant is required to make further submissions in respect of the operation of the premises and demonstrate that the grant of the application will not add to

cumulative impact with particular reference to the increase of the licensable area and the proposed increase in capacity.

The Licensing Authority note that the premises trade predominantly as a restaurant and have proposed Westminster's model restaurant condition (model condition 66) however it is also noted that this will only come into effect at 21:00 and therefore before 21:00 the premises will be able to trade as a bar albeit with a requirement that customers are seated and limited to a maximum capacity of 20 persons.

The Licensing Authority would seek further submissions from the applicant as to how the premises is proposing to trade prior to 21:00 in order to assess whether the application needs to be further considered under other relevant policies such as PB1 and RTN1. For example, before 21:00 the premises intend to operate with a bar function therefore policy PB1(B) is relevant and as such the applicant would need to provide exceptional circumstances as to why the application should be granted when the policy is to refuse.

The Licensing Authority's policies, in relation to the Cumulative Impact Areas, are directed at the global and cumulative effects of licences on the area as a whole. The Licensing Authority encourages the applicant to provide further submissions as to how the premises will not add to cumulative impact in the cumulative impact area, as per policy CIP1 and COMB1.

The applicant is also required to provide further submissions in respect of the Off Sale provision which is now sought and what this will consist of?

Subject to any further submissions, It will be for Licensing Sub-Committee Members to determine this application, given its location within the West End Cumulative Impact zone and the proposed style of operation.

The Licensing Authority looks forward to receiving further submissions from the applicant in due course.

Please accept this as a formal representation.

- **The application :** Members of the licensing committee attended the premises where they discussed the nature of the operation and the proposed application. These premises are small and present as a quirky entertainment place, offering a magic wand experience, afternoon teas and a potion experience (alcoholic and non alcoholic) for families, adults and groups, they also propose to offer off sales of their own gin and beer. We note the application seeks to permit bar use for on sales on the ground, 1st, 2nd and 3rd floors for 20 people seated until 21:00, and off sales to authorised tables and chairs until 23:00, the [REDACTED] objects to these proposed changes. We do not object to the off sales of their own gin and beer and ask that off sales be restricted to these products.
- We are concerned this application provides the opportunity for these premises to turn into a drinks focussed experience in the West End Cumulative Impact Zone and in an area with the highest concentration of licensed premises. In our view this application if granted will fail to promote the licensing objectives of the prevention of crime and disorder and public nuisance and increase cumulative impact in the West End Cumulative Impact Zone.
- **Licensed premises:** Soho is at the forefront of evening and night time economy in Westminster with its numerous restaurants, bars and members clubs and entertainment establishments. The small area comprising of Greek St, Old Compton St, Frith and Dean St contains the largest number of licensed premises in Soho, there are over 106 such premises offering the full range of venues with opening hours up to 3.30am. These streets are already saturated with premises serving alcohol and can accommodate no more.

Statement of Licensing Policy 2021

This application as presented is contrary to the Pubs & Bars Policy PB1, and Cumulative Impact Policy CIP1.

- **Public Houses and Bars Policy PB1;** it is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone other than, '1. *Applications to vary the existing licence hours within the council's Core Hours Policy HRS1*, 2. *Applications to seek to vary the existing license so as to reduce the overall capacity of the premises.*' The policy also states an exception may be permitted to applications no later than 9pm, if they meet other policies in the statement which include CD1 and PN1. It goes on, under the reasons for this Policy, F10 states, '.... *Premises that primarily serve alcohol, with or without the provision of any ancillary playing of music, can give rise to public nuisance for residents and other*

businesses, particularly with there is a concentration of such premises. This is principally due to noise from the premises and from patrons when they leave. Pubs and bars present opportunities for crime and they can also give rise to disorder.' The council's own policy clearly highlights the negative impact of pubs and bars on residents. In our view there is no exception in this case, it will fail to promote the licensing objectives CD1 and PN1 and should be rejected on these grounds.

- **Cumulative Impact Policy CIP1;** this area has been identified by the Westminster City Council as under stress because of the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. The Cumulative Impact Assessment 2020 highlights the cumulative impact in the West End Zone, 1(p.9) stating, *'The rate of incidence per square kilometre here, as well as the rate of license premises per square kilometre, was approximately nine times than the borough average rate. For crimes in particular, the rate was 10–13 times higher between 6pm – 6am compared to the borough's average.'* In relation to the impact of bars in an area, F82 states, *'among specific premises types assessed within the CIA, pubs and bars were one of the top licensed premises operation types that were most significantly aligned with incidents in their proximity.'*
- The policies in relation to the cumulative impact zone are directed at the global and cumulative effects of licences on the area as a whole (D16. of the policy). The policy provides an assumption to refuse pubs and bars, music and dance venues and fast food premises, the policies are intended to be strict and will only be overridden in genuinely exceptional circumstances (D.11 of the policy). The growth in the number of licensed premises in Soho has led to a marked deterioration in the quality of life and well-being of local residents and it has jeopardised the sustainability of the community. Soho has a substantial residential community and many of these residents suffer from problems such as, but not limited to, high levels of noise nuisance, problems with waste, urinating and defecating in the streets, threats to public safety, anti-social behaviour, crime and disorder and the change in character of this historic area.

The Licensing Objectives

The Statement of Licensing Policy 2021 or Section 182 Guidance does not provide for any circumstance, including exceptional or otherwise, which would permit an application to be granted if the licensing objectives were harmed. We now consider the impact of this application on these objectives.

Prevention of Crime and Disorder - CD1

Under this Policy the criteria applied is, *'whether the premises make or will make a significant contribution to levels of crime and disorder, and whether the operating schedule is based on an adequate risk assessment, undertaken by the applicant, which takes account of all the relevant considerations below to reduce the likelihood of crime and disorder occurring as a result of the grant of the application.'*

The recently published Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1, ***it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average.*** It goes on to detail the number and types of crimes in the West End,

- **Public realm crimes:** (serious violence, robberies, theft and drug offences), alcohol-related callouts incidents, anti-social behaviour and demands on services were prevalent in Westminster between 2017 and 2019, among the highest in London and the country. All incidents observed concentrated in the West End many occurring in the evening and at night as well as weekends.
- **Total incident type 2017-2019:** serious violent crimes Night, 795 - proportion of Borough's

incidents (31%). **Robberies Night, 2237 (33%). Theft and Handling Night, 24,407 (33%). Drug Offences Night, 1529 (40%).** Noise Complaints Night, 1389 (16%). Reactive Waste Management, 6630 (10%). Ambulance call outs to locations of licensed premises, 5353 (22%). Anti-Social behaviour on transport Night, 592 (13%), Anti-Social behaviour MPS, 9662 (16%). **Total = 50,594.**

- **Data description of incidents in 2017-2019** found all incident categories observed varied both in space and time. Many occurred in the evening and at night and on weekends when alcohol related activities typically peak. Incidents were primarily concentrated in the West End where licensed premises are disproportionately concentrated.
- **Robberies:** clustered within the West End, Charing Cross, Oxford Street in the evening and night.
- **Serious violent crimes:** recorded between **6pm and 6am** concentrated overwhelmingly in the West End.
- **Drug related crimes:** Westminster recorded the highest volume of drug offences of any borough between 2017-2019. Half of crimes were reported (48%) in the evening and night time. Drug related crimes between **6pm - 6am** were significantly clustered in and around the West End to varying degrees.
- **Theft and Handling:** most common crime type in the borough, in the evening and night they are particularly concentrated in the West End and along Oxford Street.

Crime statistics (September 2019 to February 2020) for this area supports the findings of the CIA, the overall total of crimes being **1,397**.

Old Compton St : Robbery = 19. Theft person = 162. Violence with injury = 47. All crime = 429

Wardour St : Robbery = 6. Theft from person = 70. Violence with injury = 22. All crime = 301

Dean St : Robbery = 12, Theft person = 57, Violence with injury = 30, All crime = 280.

Greek St : Robbery = 12, Theft person = 76, Violence with injury = 33, All crime = 244

Frith St : Robbery = 13, Theft person = 46, Violence with injury = 23, All crime = 143.

For residents living in Soho the findings of the Cumulative Impact Assessment is unsurprising, Soho transforms in the evening and night-time into an area which feels very unsafe and where levels of crime and disorder are high. As evidenced above criminal activity associated with the large number of venues and the large numbers of people on the streets (including following the lifting of COVID restrictions) results in high levels of serious crime.

To add another premises functioning as a bar in area already saturated will only increase crime and disorder and fail to promote the licensing objectives.

Prevention of Public Nuisance Policy PN1

Under this Policy the criteria applied states, *'the potential for nuisance associated with the style, characteristics and activities of the business to be carried on at the premises and the potential steps which could be taken to reduce the risk of a nuisance occurring. This will particularly apply in areas of residential accommodation and where there is residential accommodation in the proximity of the premises.'*

Residents live along the length of Greek St and all dispersal routes from these premises, residents already suffer from late night noise, disturbance (pedicabs playing loud music, waiting taxis) anti-social behaviour including street fouling and high levels of crime and disorder from

the existing number of licensed premises in the area. We are particularly concerned that these residents will be disturbed by intoxicated people leaving these premises.

In summary

The application proposes a new bar in the West End Cumulative Impact Area, evidence presented within this representation highlights how this application if granted will fail to support the licensing objectives and increase cumulative impact.

Policy CIP1 applies	<p>A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:</p> <ol style="list-style-type: none"> 1. Vary the hours within Core Hours under Policy HRS1, and/or 2. Vary the licence to reduce the overall capacity of the premises. <p>C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.</p> <p>D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.</p>
Policy HRS1 applies	<p>A. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm. 2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation. 3. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises. 5. The proposed hours when any music, including incidental music, will be played. 6. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.</p> <p>12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.</p> <p>13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.</p> <p>14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. Non-specific days are expected to be covered by Temporary Event Notices or variation applications.</p> <p>C. The Licensing Authority will take into account, when considering the application, the relevant considerations from each of the appropriate premises uses policies within this statement</p> <p>E. We have an apartment that overlooks the Clarendon Terrace and have been living here for last 15 years. The 4 Clarendon Terrace has had numerous issues related to noise and anti social behaviour at times.

In the past we have seen that the bar that was supposed to close at 11 pm would still have people on the road till about 12.30/1 am and even after numerous complaints and discussions nothing could be accomplished as people used to be so drunk and anything said to them used to create more issues for us (the residents)

It seems the new licence is now being done for live music/recorded music with public speaker and poker game club. The licence is being asked for 7 days from 11 am to 11 pm. This would create so much noise and social issues in the area. We are very nervous as this would just become unbearable if this licence is granted.

If any licence is to be given, which we strongly object to, then following things should be ascertained:

- No table/chair on the pavement at all. It is a narrow pavement and restricts walking. Also anything on the pavement amplifies the noise in the area as people end up drinking and talking loudly till late in the night
- Maybe 5 day licence so that residents can at least get some relief in the area as opposed to everyday noise/social issues
- Very very strict adherence to noise control. At no time should the door to premises be open especially in summer times. The council should check the decibel level of the suggested live music and the sound proofing of the premises
- Reduce the evening closing hour to 10 pm as that allows all of us to have a good sleep and reduces any potential social issues.. at least the alcohol serving restriction should be till 10 pm as that allows people to leave early
- No gambling in the club as this is residential area with so many families and we do not want children to be influenced

It is wholly inappropriate to allow this as it will create a lot of noise for the neither hood. The music is supposed to be going on until 23 hours and the neighbourhood is full of children and families who need to their sleep.

Also it will create traffic congestion in and around the club.

Blomfield Court is a Residential building, which has 1 wall in Clarendon Terrace, W9 leading to Lanark Place. Indeed 4 Clarendon Terrace is part of the aforementioned wall along with some shops.

A licenced club in this particular vicinity would cause noise into late hours, and possible intrusions into Blomfield Court.

I would urge the Licensing Authority to disallow the Application on grounds of disruption of the "Peace and Quiet enjoyment" of all residents.

20/07/2021 2:18 PM Further to my previous comment of 25.06.2021- notification from Blomfield Court's Managing Agents recieved at noon today advises that there will be Live & Recorded Music up to 23.00hours 6 days weekly & Sun., from 11.00 - 23.00hrs.

Within a Residential block - this is totally unacceptable. Not only Noise Pollution but likely intrusion by unwanted persons into the main building.

I make a plea to disallow this Application.

Clarendon Terrace is a narrow road, leading to another very narrow road on one end and

coming off a busy main road (Maida Vale). It is a residential area with convenience retailers and service providers; having a club in that area will ruin the quiet ambience of a residential area; and could lead to traffic congestion issues. As a neighbour living in a building occupied by families with young children, I think such a certificate would be most inappropriate. I strongly object to this.

Our comments are made as an Amenity Society recognised by Westminster City Council. We are officially charged with working towards the preservation and enhancement of the architectural and environmental quality of Little Venice, Maida Vale and the Paddington Waterway area (including planning and licensing issues).

We recognise that these premises are run as a business and we are aware that it has to be a viable operation. We are very keen to ensure that an appropriate balance is maintained between the legitimate rights of business and the equally legitimate and important rights of nearby residents.

Our representation is made on the basis of the likely effect on the 'prevention of public nuisance' licensing objective.

We understand the application is for a new 'club premises certificate' under Licensing Act 2003, which is a different type of permission to a 'premises licence', which is the current authorisation permitting sale of alcohol and recorded music at the premises. We believe the key difference is that a premises licence permits sale of alcohol/provision of entertainment to the general public, whereas a club premises certificate does not - but is less regulated as a result.

We understand a 'qualifying' club may hold a club premises certificate. Which means it must have at least 25 members and meet the qualifying conditions set out in the Act. As such the grant of a club premises certificate means it would be entitled to certain benefits. We also understand that a qualifying club is not the same as a proprietary club, which is run as a business for a profit.

There is not much information available on the applicant or the Club, which makes us ask whether they meet the qualifying conditions in order to hold a club premises certificate in any event?

We note there is a decrease in the closing time and recorded music from that currently permitted under the premises licence. Although live music has been included in the application, this is in fact not licensable between the hours requested – however, we would need to know how the applicant intends to eliminate noise emanation.

We realise that a premises licence exists already, however we feel that if the licensing authority is minded to grant the application, there must be robust and enforceable conditions added to the certificate. We ask that the applicant provides much more information about the proposed operation so that we can properly assess the risks and what we will ask for should the authority grant the application.

In any case, we would ask you to take into account any local objections that may have been raised.

I live above the intended place and I believe it is inappropriate to play music and cause

disruption to neighbors such as myself and my two very young children. I think there will be general noise disruption and also potential crime due to patrons leaving the property drunk. There is also access to the internal courtyard from the fire escape which means there is a possibility of theft or other crime to the residents of Blomfield Court.

I write to make a relevant representation in respect of this application. Representation is therefore based largely on the licensing objective of 'prevention of public nuisance', although depending on the nature of the proposed operation it may engage one or more of the other licensing objectives.

I am writing on behalf of the [REDACTED] which represents all the residents of Clarendon Court, 33 Maida Vale, which is a large block of 100 flats which has its front easterly facing side and main entrance on Maida Vale, its north side on Clarendon Terrace and the west side on Lanark Place. It is approximately 12 metres from the premises, 4 Clarendon Terrace, off which the roadway accounts for approximately 7.5 m. All the flats on the north side face the proposed club. Other flats at the rear, i.e. on the west side overlook Lanark Place. There are six floors and flats on each floor. A number of the flats are occupied by families with young children.

Clarendon Terrace and Lanark Place are predominately residential. The few business premises on Clarendon Terrace have always been small, quiet operations with minimal impact on the residential nature of the area, such as a small clothing alterations shop, the offices of an interior design company. The current licensed premises at No.4 has always been very quiet causing little or no disruption. No.4 is directly below the residential block Blomfield Court and directly opposite Clarendon Court.

The through road from Maida Vale, via Clarendon Terrace and Lanark Place, to Clifton Road, (which avoided the traffic lights at the junction with Clifton Road), was blocked off many years ago, to avoid traffic in that area. In consequence, Clarendon Terrace and Lanark Place are a dead end. There is very limited car parking in these streets, apart from the private car park under Clarendon Court. Residents usually walk from the main entrance of Clarendon Court down Clarendon Terrace to the shops on Clifton Road and they currently feel very safe taking their children along that route away from the heavy traffic on Maida Vale.

The premises previously operated under a premises licence ref: 11/01922/LIPDPS. The application is for a new 'club premises certificate' under Licensing Act 2003. We do not know if the applicant has any link with the previous operation.

The application seeks permission to supply alcohol and provide 'regulated entertainment' such as recorded music and live music. I am advised that a 'club premises certificate' is a different type of permission to a 'premises licence', which is the current authorisation permitting sale of alcohol and recorded music at the premises. The key differences are that a premises licence permits sale of alcohol/provision of entertainment to the general public, whereas a club premises certificate does not. However, a premises licence is more heavily regulated.

The application for the club premises certificate states that 'THE CLARENDON MEMBERS CLUB IS AN EXCLUSIVE CLUB FOR PAID MEMBERS WHICH IN TURN PROVIDES ENTERTAINMENT FOR ITS MEMBERS AT EXCLUSIVE EVENTS'. The hours sought are:

Supply/ sale by retail of alcohol -11 am to 11 pm Mon-Sun

Live music -same hours

Recorded music -same hours

Anything similar -same hours

Hours club premises are open to members and guests -same hours.

There is no information available in the application or on line as to what the 'Clarendon Members Club' is; whether it has previously been situated elsewhere; whether it is, on the

contrary, a new venture; what the target membership is; how many members they have; what the membership cost is; how people join; etc

We understand that only a 'qualifying' club may hold a club premises certificate. In order to be a qualifying club, a club must have at least 25 members and meet the qualifying conditions set out in the Act. The grant of a club premises certificate means that a qualifying club is entitled to certain benefits. These include:

- the authority to supply alcohol to members and sell it to guests on the premises to which the certificate relates without the need for any member or employee to hold a personal licence;
- more limited rights of entry for the police and authorised persons because the premises are considered private and not generally open to the public; and
- exemption from orders of the magistrates' court for the closure of all licensed premises in an area when disorder is happening or expected.

The qualifying conditions set out in the Act include:

- that the club is established and conducted in good faith as a club
- that the club has at least 25 members.
- that alcohol is not supplied, or intended to be supplied, to members on the premises otherwise than by or on behalf of the club.
- that no arrangements are, or are intended to be, made for any person directly or indirectly to derive any pecuniary benefit from the supply of alcohol by or on behalf of the club to members or guests, apart from-
 - (a) any benefit accruing to the club as a whole, or
 - (b) any benefit which a person derives indirectly by reason of the supply giving rise or contributing to a general gain from the carrying on of the club.

We understand that a qualifying club is not the same as a proprietary club, which is run as a business for a profit. Given the uncertain nature of the applicant Club, is a club premises certificate the appropriate permission? Has the licensing authority assessed whether they meet the qualifying conditions in order to hold a club premises certificate?

Although there has been an alcohol licence at the premises for a number of years, we are concerned that this new operation would bring more intensity of use and a different style of operation. It would also mean that no Designated Premises Supervisor would have to be specified, nor would a personal licence holder be needed to oversee sales of alcohol.

We have specific concerns about:

As we have explained, Clarendon Terrace is a narrow street which is essentially residential in nature. The proposed new club could have a significantly detrimental impact on the residents of the surrounding apartment blocks and houses on Lanark Place. Examples being noise emanating from the club and its surrounding area, traffic problems and general disruption in what is a predominately residential area.

First, if it leads to additional noise it could be hugely upsetting for residents as it is very close to the north side of Clarendon Court the RTM building, where many flats are occupied by families with small children who would be trying to sleep during the later hours that the club is open.

More generally, many residents would be going to sleep around the time the club was closing, when people might be spilling out on the road as they leave.

Secondly, there is parking on either side of the road and, and as it is a narrow road, only one vehicle can pass down the middle of the road at any time. If there are two in the street at one time, vehicles have to back up and allow the other vehicle to pass. It is a dead end, but it leads to the Clarendon Court car park which houses about 80 cars. As it stands, it is necessary to be cautious in travelling down that street due to its size. If there were large numbers of additional taxis dropping or collecting, or other cars trying to park in the area as a result of the club there is simply no space and this again could be incredibly disruptive and potentially dangerous as it might back up onto the main road at Maida Vale, which is a very busy road close to traffic lights with the junction of St Johns Wood Road.

Thirdly, if there were people spilling out onto the street to smoke and drink, the pavement is narrow and there is simply no space to do so without blocking the pavement and possibly also the road. We know from the recent pandemic that outside space has been utilised to avoid difficulties inside and there is simply no opportunity for this to happen without increasing the noise and impacting adversely on the area.

We understand that Policy QUC1 sets out the licensing authority's approach to 'qualifying clubs'

and club premises certificates. This states that applications 'will be considered on their own merits and subject to the application demonstrating that the operation of the club will promote the licensing objectives, the location where the club will operate, the proposed hours, the proposed licensable activities and whether they meet the specific conditions for a Qualifying Club.'

Overall, we feel that this small residential enclave is a highly inappropriate location for a Club Premises providing music and alcohol.

I am writing to register my opposition to the application for a new club premises certificate for 4 Clarendon Terrace, London W9 1BZ

I am a resident of, and owner of a flat in, Clarendon Court, 33 Maida Vale, which is a large block of flats bounded by Maida Vale, Clarendon Terrace and Lanark Place. I have lived in this building for the past ten years.

The current licensed premises at No.4 has always been very quiet, causing little or no disruption. However, my understanding is that a 'club premises certificate' (which is the focus of this application) is a different type of permission to a 'premises licence', which is the current authorisation permitting the sale of alcohol and the playing of recorded music at the premises. The potential impact of the differences between these two types of certificates is troubling. Clarendon Terrace is a narrow street which is essentially residential in nature. The proposed new club could have a significantly detrimental impact on the residents of the surrounding apartment blocks and houses on Lanark Place.

- If it leads to additional noise (e.g., people spilling out onto the street to smoke and drink) it would be hugely upsetting for residents as it is very close to the north-western side of Clarendon Court, where many flats are occupied by families with small children who would be trying to sleep during the later hours that the club is open. More generally, many residents would be going to sleep around the time the club was closing, when people might be spilling out on the road as they leave.

- There is parking on either side of the road and, as it is a narrow road, only one vehicle can pass down the middle of the road at any time. If there are two in the street at one time, vehicles have to back up and allow the other vehicle to pass. It is a dead end, but it leads to the Clarendon Court car park which houses about 80 cars. As it stands, it is necessary to be cautious in travelling down that street due to its size. If there were additional taxis dropping or collecting, or other cars trying to park in the area as a result of the club there is simply no space and this again could be incredibly disruptive and potentially dangerous as it might back up onto the main road at Maida Vale, which is a very busy road close to traffic lights with the junction of St Johns Wood Road.

I hope the Council rejects this application. Failing that, I hope sufficient restrictions are placed on the terms of the certificate so as to alleviate the concerns of the residents of Clarendon Court and surrounding buildings.

I am writing as a resident of Clarendon Court. Clarendon Court is directly opposite 4 Clarendon Terrace, separated by a narrow road and 2 pavements, a distance of just 12 metres. The area

is primarily residential. The small number of business premises present are generally quiet keeping normal office hours, examples being a dentist and an estate agent.

4 Clarendon Terrace does have a premises licence but not a club premises certificate. I understand that a club premises certificate is less heavily regulated. There is no information available in the application or online as to what the 'Clarendon Members Club' is; whether it has previously been situated elsewhere; whether it is, on the contrary, a new venture; what the target membership is; how many members they have; what the membership cost is; how people join; etc

My concern is that the proposed club could bring more intensive use and greater disruption. More noise from music and members leaving late in the evening. More traffic in what is a cul-de-sac. There is the possibility of the pavement being blocked by people exiting the club for a cigarette. Clarendon Terrace is used as a pedestrian cut through to Clifton Road, away from the busy traffic and polluted air of Maida Vale.

I believe it is important to keep the residential character of the neighbourhood and to avoid potential disruption for the people who live here.

In the absence of much more information to enable us to assess the likely level of disruption, I therefore object to this application and ask that you turn it down.

As owners of one of the flats in Clarendon Court [REDACTED] we are writing to object to the proposed application to turn the above premises into a night club on the following grounds:

- 1) This a predominantly residential area, with many families with young children in residence, and has always been a pleasant, safe and quiet place to live.
- 2) Clarendon Terrace is a very narrow street, with very little space for parking or for traffic to pass. A club bringing more cars or taxis would be totally impractical.
- 3) The proposed closing hour of 11 pm is likely to cause noise and disruption in the street at a time when many residents are going to bed.
- 4) Overall, this is a totally unsuitable location for a club providing music and alcohol. Other small businesses in the street have caused little or no disruption to a peaceful environment, whereas this proposal could potentially cause huge disruption.

I hope you will bear these points in mind when considering this application.
Yours faithfully,

We object to a club opening, selling alcohol and playing loud music on the quiet street of Clarendon Terrace W9 1BZ.

There are many families with young children living in the proximity of this proposed club, most certainly residents of Clarendon Court (a large block of 100 flats) who would be negatively impacted by the opening of the premises and the rest of the Little Venice residents.

Clarendon Terrace and Lanark Place are predominately residential streets and the few

businesses that have existed have always been small, quiet operations with minimal impact on the residential nature of the area (a small clothing alterations shop, the offices of an interior design company).

Additionally, there is very little parking available and the residents will struggle even more to find suitable parking.

Clarendon Terrace should remain a quiet enclave in a residential part of London and should not have a club opening there. There are plenty of empty shops available along Edgware Road where the noise of the proposed club will be drowned out.

Live music will have an adverse impact on the quality of life in this neighbourhood. Noise will be an issue with recorded music, but live music will lead to unacceptable levels of noise for neighbours - especially in the summer when doors and windows are open. Nothing in the application suggests that any sound-proofing or mitigation is being planned. I believe the applicants should be asked to remove the live music element of the licence or demonstrate that specific measures are included to ensure noise levels emanating from the club are not intrusive.

I wish to object to the granting of this licence for a new club. Such a licence would approve the playing of music, performance of dance and supply of Alcohol. This is a residential street and granting of such licence will only increase noise in the area with many people on pavement and around in late night drinking and smoking on the street. The street is very narrow with few parking spaces and too narrow to allow cars to drive in both directions at the same time. This will mean lot of issues for local residents in terms of traffic and parking. It is totally in appropriate licence for this quiet area and I strongly object to it.

I object to this application on the grounds that the Music will be very disturbing for the area, where young families reside and will also create anti social behaviour. This will bring down the value of our homes and make our lives very difficult. Already there is enough congestion in the area and opening another club with live music will have a detrimental effect on our lives

<p>I have no objection to the club as it previously was.</p> <p>To introduce performances of Live Music in Clarendon Terrace, by any number of live singers, perhaps simultaneous, would be a significant change in the evenings of Clarendon Terrace, which is normally peaceful and is likely to be rather unpleasant.</p> <p>Clarendon Terrace is a cul de sac and there is no through traffic and few pedestrians.</p> <p>Many of the local residents play music, but we all respect the reasonable quietude which other residents are entitled to enjoy.</p> <p>I therefore object to such a significant change of the nature proposed.</p>

<p>I am writing as an owner of a flat in Clarendon Court. The building is residential and a number of the flats are occupied by families with young children.</p> <p>The area is residential and is a quiet enclave, even though it is a short distance from the shops at Clifton Road. The few business premises in Clarendon Terrace (apart from the licensed premises) have always been small, quiet operations with minimal impact on the residential nature of the area, such as a small alteration shop and the offices of an interior design company.</p>	

My specific concerns are:

First, if it leads to additional noise it could be hugely upsetting for residents as it is very close to the north side of Clarendon Court the RTM building, where many flats are occupied by families with small children who would be trying to sleep during the later hours that the club is open.

Secondly, there is parking on either side of the road and, and as it is a narrow road, only one vehicle can pass down the middle of the road at any time. If there are two in the street at one time, vehicles have to back up and allow the other vehicle to pass. This will cause issues to all the residents of Clarendon Court and also be potentially dangerous as Maida Vale is a busy road

Thirdly, if there were people spilling out onto the street to smoke and drink, the pavement is narrow and there is simply no space to do so without blocking the pavement and possibly also the road.

Overall, I feel that this small residential enclave is a highly inappropriate location for a Club Premises providing music and alcohol.

I totally disapprove of the proposed establishment being granted permission because I own a property [REDACTED] which is located directly within the courtyard where the fire exits are & will therefore be severely compromised with various issues, primarily security, noise & other interferences. It would be totally inappropriate to play live music so close to my flat & other residents in the block. The general noise emitting from such a social venue / club would cause direct noise disturbances which would be difficult to control from patrons who could become disorderly with potential crime & destruction & bad behaviour, especailay if intoxicated with alcohol. This would be very threatening to the occupants residing in my property so close to it & would inhibit their lives too much & cause distress. This would apply to all those living at Blomfield Court, but I feel mine located in the basement just a hairs breath away from the venue would be worst impacted. [REDACTED] where the fire escape is which has direct access from the proposed project, which would promote further potential crime, disorder & noise. My tenants are entitled to live in my property in peace & quiet without such threats. Please therefore consider my complaints very seriously & withdraw from the application to open up such a place. It would interfere hugely with all the residents & destroy their lives. PLEASE therefore don't allow this to proceed. Kind Regards. [REDACTED]

This will create a lot of noise in the area due to live and recorded music until 23 hours per day. Also will create congestion as club members will increase traffic in the surrounding area. <p>I wish to object to the granting of a licence for a new club premises at 4 Clarendon Terrace, London W9 1BZ.</p> <p>Clarendon Terrace is a very small narrow street leading to a cul-de-sac. No 4 is situated directly below the block of flats Blomfield Court and directly opposite the block of flats Clarendon Court. Many of the flats have their windows facing directly on to this street. At the end of the street there are residential houses and the back of Clarendon Court in addition to the Clarendon Court private car park. This street is virtually 100% residential except for a couple of small businesses which close at around 6 pm. Currently at No. 4 there is a wine bar used by a few locals with no noise emanating from the premises.</p> <p>To permit a Club Premises with permission to provide alcohol and music would cause much disruption to the local residents. Clarendon Court which contains around 100 flats is home to many families with small children in addition to numerous elderly residents. It is a street predominately used only by the local residents. A club would provide much noise in addition to people using the outside of the club to smoke, drink and possibly use illegal substances. There would be little or no way of controlling this. Due to its proposed location such a Club would impact adversely on the local residents. Additionally, it would cause congestion due to visitors to the club looking for parking and using taxis. The street is very narrow with few parking spaces and too narrow to allow cars to drive in both directions at the same time. Additionally, access by residents of Clarendon Court to their car park could be restricted due to illegal parking and congestion.</p> <p>Overall, Clarendon Terrace is a totally inappropriate location for such a club premises due to it being a small residential street. <p>The bar sits within a residential block which houses many senior citizens and families with young kids. The back of the bar opens into the inner court of the building - the bar establishment and some customers have the habit of keeping that door open for circulation while the music is blaring. The bar customers also stand in the door which opens into the inner court of the building, talk really loudly and smoke and then throw the cigarette butts on the floor. The noise pollution is a massive concern for the residents of the building.</p>

I am a resident of Clarendon Court and I understand that an application has been made for permission to turn the present use of the above premises from its existing use as a bar into a club.

I wish to object strongly to this application as it would have an adverse affect on the whole of the surrounding area.

In the first instance Clarendon Terrace is a T junction so there is no through traffic. There is only access to underground parking in Clarendon Court or limited surface parking.

This means that if the application was granted the street would be jammed up with visitors to the club trying to park and taxis dropping people off and picking them up.

This would of course make life much more difficult for residents trying to park on or just off Clarendon Terrace or merely to gain access to the underground car park.

It should also be noted that Clarendon Terrace is a narrow street. I believe that the road width is just slightly over 7.5 metres which means that vehicles pass each other with difficulty having to pull into the sides as much as possible. A new club premises would simply exacerbate the situation.

The next problem is that a successful application would give rise to anti social behaviour such as drunkenness, noise, violence and possibly drug dealing.

This may necessitate the police having to be called on many occasions.

It must be remembered that this is a residential neighbourhood with families and children and in consequence any consent to this application would be extremely detrimental to the entire area.

I would therefore respectfully ask you to consider these points fully when deciding upon the

application.

<p>1. The drawings are labelled as 3 Clarendon Terrace, but presumably they are for 4 Clarendon Terrace.</p> <p>2. My main concern is basically noise. My flat is located directly above the premises where the club license is proposed, a) there is no mention of any effort at sound abatement, e.g. acoustic tiles. Apparently not a priority for the applicant, but of course of primary concern to neighbours. b) There is no indication of ventilation or air-conditioning, so presumably windows may be open in warm weather -- defeating the purpose of any sound abatement (had there been any)</p> <p>3. Clarendon Terrace is a quiet residential street enclosed by residential blocks on three sides. Commercial premises are on one side of the street at ground level and all are closed by 8.00 pm, The proposed club venue is not in keeping with the property use in the immediate vicinity, which is heavily residential.</p> <p>4. The fire exit route is inadequate. The back of the premises at basement level opens to a narrow light-well for Blomfield Court- a 120 year old building (not an "open courtyard") with no clear indication of fire exit (which is through a dark hallway out the back door to Lanark Place).</p> <p>5. The applicant has put no serious thought into this application or demonstrated any genuine concern for the likely issues, which are intuitively obvious, even to the casual observer.</p>

We are writing to object in the strongest possible terms to the granting of a Club Premises Licence at the above premises recently submitted by Clarendon Members Club Limited.

[REDACTED] is owned by the homeowners of properties in Lanark Place, Robert Close, Browning Close, Elizabeth Close, Randolph Avenue, and Blomfield Road.

We object to the licence being granted for the following reasons:

1. The application includes a licence for live and recorded music. Live music in particular will produce unacceptable levels of intrusive noise in this largely residential neighbourhood.
2. No provision is made within the proposed plans for noise attenuation at source and for the proper control of intrusive noise affecting neighbours.
3. The proposed closing time will mean increased street noise and possible disturbances after 11pm which will be wholly unacceptable to local residents.
- 4.

We trust you will consider these concerns carefully alongside other feedback from local residents

Dear Kevin,

I have emailed directly to Environmental Health to reassure them that any concerns they have will be dealt with and I have asked to meet with them on site.

In relation to the other objections received by everyone else, let me first elaborate on the set up of the Club being for private members only.

We currently have around 35 members only. It is unlikely that there would be more than 15-20 peoples at

We have no immediate plans to expand our membership in the foreseeable future.

Although we will have alcohol available it is important to note that we are not a bar/nightclub/pub and members are coming here primarily to socialise, have coffee and tea soft drinks and not to drink/get drunk.

Indeed we do not envisage going through much alcohol at all.

Notwithstanding, any alcohol served will be in moderation only served by a waiter/waitress and within the legal limit.

One thing to be aware, worth repeating, as there seems to be a misunderstanding is that we are not any of the following – Bar, Pub, Nightclub.

Rather we are a private members club for members to come and socialise and one of the main reasons we are doing this is so we can socialise in a nice safe and NOT LOUD environment so people can actually hear each other speak.

We are NOT OPEN TO THE PUBLIC.

All of our members are middle aged family oriented professionals.

In that regard, we are happy to confirm the following:

1. We can confirm that we withdraw Live Music from the application.

There will only be background music until the hours specified in the application.

2. We also agree to no chairs and tables on the pavement.

3. We are happy to have reasonable decibel limit – just be aware that we will be using TV & Soundbar for our speakers. Although background music isn't licensable so not sure how that would work.

We will only be playing background music.

4. As agreed with the police we will have SIA security onsite at all times we are open.

Can you please relay this email to those who have objected to ensure the parties have been updated with the change of status as per this email.

Please confirm receipt of this email.

Kind regards
