Responsible Authority:	Licensing Authority
Representative:	Heidi Lawrence
Received:	20 th April 2016
I write in relation to the above premises and further to the representation that I submitted	

on 4th April 2016 on behalf of the Licensing Authority. As a responsible authority under section 13 (4) of the Licensing Act 2003 as amended under the Police and Social Responsibility Act 2011 the Licensing Authority have now fully considered your application. The application seeks to provide sale by retail of alcohol on and off the premises and late night refreshment. Your clients seek to provide the sale by retail of alcohol Monday to Thursday from 08:00 to 23:30, Friday and Saturday from 08:00 to midnight and on Sunday from 10:00 to 22:30. For late night refreshment your clients are seeking to provide that activity from 23:00 to 23:30 Monday to Thursday and from 23:00 to 00:00 on Friday and Saturdays.

As part of the operating schedule within this application your client has set out a number of conditions that it intends to operate too if this licence is granted. I will refer to these conditions later within this representation.

The operation of this premises is proposed to be a restaurant which sells food to those seated. The premises has an area described in the plans as a bar which has a number of seats and takes up a small percentage of the overall floor space of the premises. The premises is located within Panton Street which is located within the West End Cumulative Impact Areas as defined within the Council's Statement of Licensing Policy, January 2016 Panton Street runs from Leicester Square Gardens down to Haymarket. Panton Street has approximately 12 licensed premises which consist of 9 restaurants and 1 which is currently closed, 1 pub, 1 cinema and 1 theatre.

In the immediate area (50m radius) surrounding Panton Street there are 11 licensed premises which comprise of 1 Comedy Club, 3 Restaurants, 1 Cinema, 3 night Clubs, 1 Pub and 2 Theatres. There are also 3 resident premises within the immediate area consisting of 45 housing units. Please see attached plan which shows the location of these premises.

The Licensing Authority expressed in its original representation that it has concerns in relation to this application and how the premises would promote the Licensing Objective:

- Protection of Children from Harm
- Prevention of Crime and Disorder
- Public Safety
- Prevention of Public Nuisance

As referred to above this premises is located within the West End Cumulative Impact Area. Cumulative impact is defined in the Home Office Guidance made in accordance with Section 182 of the Licensing Act as the potential impact on the promotion of the licensing objectives of a significant number of licensed premises concentrated in one area. In three areas within Westminster the growth, type and density of licensed premises and the number of people who are intoxicated out late at night is such that it causes problems of nuisance and crime and disorder not only in the immediate vicinity of these premises but also some distance away.

The retention of people late at night contributes to cumulative impact. The urban infrastructure cannot sustain any further growth in alcohol sales or in late night-time activity levels without accentuating the risk of a variety of harmful outcomes. This arises both from the lack of late night transport and the existence of facilities such as fast food outlets that encourages people to stay on after other licensed premises have closed.

The West End has been identified as an area where cumulative impact applies. The aim of adopting a Cumulative Impact Area in the West End is to limit the growth of licensed premises within that area.

The Licensing Authority recognises that not all premises operate the same within the

cumulative impact areas and the different types of premises are set out within Westminster City Council Licensing Policy under Special Policy on cumulative impact in Cumulative Impact Areas (CIP1), Premises supplying fast food inside the Cumulative Impact Area (FFP2), Public Houses and Bars in the Cumulative Impact Areas (PB2) & Provision of music and dancing or similar entertainment or the provision of facilities for music and dancing or similar entertainment within the Cumulative Impact Areas (MD2). These policies are intended to be strict and only overridden in genuinely exceptional circumstances.

Where premises are proposing the sale of alcohol for consumption on the premises there is always a potential that this will lead to an increased number of people consuming alcohol and for a longer period and which will add to existing cumulative impact.

The council therefore considers that where applications for licenses to sell alcohol for consumption on the premises are made and:

(i) Are appropriately conditioned so that the consumption of alcohol is not, and cannot become a significant part of the operation of the premises and is regulated to promote responsible drinking.

(ii) Where the character of the premises is such that its customers are not likely to be involved in sustained or heavy drinking at later hours

(iii) When the sale of alcohol is not permitted beyond 22:00 hours, then permitting the sale of alcohol for consumption on the premises is unlikely to add to cumulative impact in the CIA

The Licensing Authority will not consider a case to be exceptional merely on the grounds that the premises will be operated within the terms of the condition on the licence, or that the premises will be generally well managed because of reputation or good character of the licence holder or operator. This is expected in the conduct of all licenses premises.

However, as stated above, the Licensing Authority recognises different types of premises have different impacts and one recognised premises is a Restaurants. Customers who have been seated in premises, eating a substantial meal and where the premises are not as crowded will behave differently. They will not have been talking at high volume and therefore will be more likely to leave the premises quietly than if they had been in a premises with a greater number of customers in equivalently sized premises without capacity limits and with more vertical drinking.

Westminster City Council Licensing Policy sets out a clear definition of what a restaurant is and this is set out below:

(i) In which customers are shown to their table

(ii) Which provide food in the form of substantial table meals that are prepared on the premises and are served and consumed at the table using non disposable crockery

(iii) Which do not provide any take away service of food or drink for immediate consumption and

(iv) Where intoxicating liquor shall not be sold, supplied, or consumed on the premises otherwise than to persons who are bona fide taking substantial table meals and provided always that the consumption of intoxicating liquor by such persons is ancillary to taking such meals. The sale and consumption of alcohol prior to such meals may be in a bar area but must also be ancillary to the taking of such meal.

The applicant describes the premises as a speciality Japanese and produce shop with restaurant facilities and a sake shop.

The Licensing Authority believes that the applicant has not provided a clear definition of the

premises in conjunction with the policy. Consequently, policy RNT2 cannot be applied and the application will therefore need to be considered under Policy PB2.

Policy PB2 states: *'It is the Licensing Authority's policy to refuse applications in the Cumulative Impact Areas other than applications to vary within the Core Hours under Policy HRS1'*

The applicant has put forward within its operation schedule a number of conditions (17) that it proposes to operate the premises by, one of which states:

1. The supply of alcohol on the premises shall only be to a person seated talking a table meal there and for consumption by such a person as ancillary to their meal.
2. Notwithstanding condition [1], alcohol may be supplied and consumed in the sake shop hatched black on the plan, by up to a maximum at any one time, of [12] persons until 20:00 hours.

If the premises intend to operate as a restaurant, the Licensing Authority suggests that the model condition 66 is adopted as follows:

The Premises shall only operate as a restaurant:

- (i) In which customers are shown to their table
- (ii) Where the supply of alcohol is by waiter or waitress service only
- (iii) Which provide food in the form of substantial table meals that are prepared on the premises and are served and consumed at the table using non disposable crockery
- (iv) which do not provide any take away service of food or drink for immediate consumption
- (v) which do not provide any take away service of food or drink after 23:00, and
- (vi) where alcohol shall not be sold or supplied, otherwise than for consumption by persons who are seated in the premises and bona fide taking substantial table meals there, and provided always that the consumption of alcohol by such persons is ancillary to taking such meals.

Notwithstanding this condition customers are permitted to take from the premises part consumed and resealed bottles of wine supplied ancillary to taking such meals and alcohol may be supplied and consumed in the Sake Shop hatched black on the plan, by up to a maximum at any one time, of [12] persons until 20:00 hours.

It is the responsibility of the applicant, when applying for a new premises licence within a Cumulative Impact Area to demonstrate that they will not add to cumulative impact. The Licensing Authority does not consider that sufficient evidence has been provided by the applicant to adequately demonstrate that they will not add to cumulative impact within the West End Cumulative Impact Area.

The applicant is therefore requested to provide a clear description of the premises and how it will operate and provided further evidence as to how the premises will not add to cumulative impact.

As a result of this, the Licensing Authority maintains its representation in relation to this application (Holding representation made 4th April 2016).

The Licensing Authority requests that you provide any response to this representation via written correspondence no later than 29th April 2016.

Note: the Licensee has provided a response to the Licensing Service representation which is attached at Appendix A2. The amended conditions and plans have been included in this report.

Dear Sirs

Application for a new Premises Licence
Ref: 16/02493/LIPN
Japan Centre, 35b Panton Street, SW1Y 4EA

We refer to your letter dated 19 April 2016 and our email correspondence. We understand you are not prepared to meet our client at the premises to discuss your representation further. As a result, we would be grateful for your consideration of this letter which reflects what has been presented to and discussed with the Environmental Health Consultation Team.

The application is for a Core Hours Licence with MC48 restaurant conditions with a capacity of approximately 140 covers, to be determined by the District Surveyor, and with limited bar use for 12 persons until 8pm in the sake bar consistent with the City Council's new exceptions to the Cumulative Impact Area ("CIA") policy under paragraphs 2.4.17 to 2.4.22.

The premises is currently authorised to provide licensable activities under premises licence 12/11144/LIPDPS. This premises licence allows the sale of alcohol during Core Hours without the provision of food with a capacity of 400. It is effectively a licence falling within Policy PB2.

The premises will operate as a high quality and specialist Japanese food and drink retailer, restaurant and sake merchant, effectively with a retail area, restaurant and small sake bar. The applicant successfully operates numerous Japanese restaurants across Westminster and London, namely under the "Shoryu" restaurant concept and will, subject to obtaining a licence, sign a long lease for the property.

Sales of alcohol on the premises in the area **cross hatched black** will only to persons taking a table meal save for in the area **hatched black** for to up to 12 persons until 8.00 pm only is entirely consistent with paragraph 2.4.21 of the policy. The rest of the premises is off sales only.

The Existing Licence will not be used but will remain in effect whilst this licence is in effect (the existing licence effectively becoming a shadow licence) and this licence is of course therefore not adding to cumulative impact as is a 'softer' use.

The use has therefore already been established, but the licences will be mutually exclusive. In any event, even if there was not an existing licence, the application is consistent both with Policies HRS1 and RNT2 and in respect of the retail area, the relevant off sales policy.

In summary, the following ensure the application is compliant with the 2016 Statement of Licensing Policy, satisfies the exceptions to Policy CIP1 and will have no addition to the cumulative impact in the CIA:

1. The established use and existence of a licence granted and in effect under PB2;
2. Compliance with Policy HRS1 for off and on-sales of alcohol;
3. A requirement that the sale of alcohol for consumption on the premises within the dining area is to seated persons and ancillary to a table meal;
4. The limited consumption of alcohol on the premises in the sake bar is entirely consistent with paragraphs 2.4.17 to 2.4.22 of the policy.

Thank you for your consideration of this letter. Please do not hesitate to contact Jack Spiegler or Alun Thomas of this office should you have any queries arising.

Yours faithfully

Thomas & Thomas Partners LLP
