Conditions consistent with the operating schedule

9. Where it is felt to be necessary, passengers will be searched on boarding and any alcohol or drugs found will be confiscated. If necessary the people found to be in possession would be refused entry.
10. CCTV covers most disembarkation piers.
11. The bar will close fifteen minutes prior to disembarkation.
12. Any passenger under the influence of alcohol who becomes abusive to the crew or other passengers will be asked to leave the vessel. If necessary the police will be kept informed of the situation via vhf radio and the master will request them to attend the disembarkation point if assistance is needed.
13. No alcohol will be served to passengers under eighteen years of age. If they appear to be under-aged, proof of identity will be required e.g. PASS. If proof is not forthcoming, then alcohol drinks will not be served to them. If other passengers buy for them they will be asked to stop, if not they will be put ashore at the earliest opportunity.
14. We have procedures in our DSM manual covering all public safety. Under MCA/PLA regulations all crew have to be competent in navigation, fire fighting, first aid and are able to deal with all other emergency situations on board. Before every departure the crew make a mandatory safety announcement over the PA system. This informs passengers of all emergency safety exits, lifejacket stowage, and self-inflating life raft assembly points etc. Passenger numbers for each trip are recorded ashore and on board. The vessel, crew and Safety Management System are inspected and audited twice a year by the MCA. If unable to conform to their standards, the vessel's annual Passenger and Domestic Safety certificates are withdrawn, rendering the vessel unable to continue in public service until all non-conformities are rectified. River Emergency Services such as Police, Fire, Coastguard, PLA and R.N.L.I are on 24hrs continuous coverage and can be summoned by VHF radio or mobile phone for immediate assistance.
15. The crew monitors all disco music continuously and an automatic noise limiter adjusted to MCA accepted noise levels is in operation during the cruise. The noise limiter will automatically cut off the power supply to the disco apparatus if the music is too loud and can also be manually operated by the crew from the wheelhouse.
16. Disco music will not be allowed to commence until after the vessel has left any embarkation pier and will cease before the vessel arrives at any disembarkation pier.
17. Passengers are always advised by the crew to leave the vessel in a quiet and orderly fashion and not to do anything, which is liable to disturb nearby residents. In the event of any problems on board, the police will be asked to attend the disembarkation pier if necessary, to control any perceivable unruly behaviour, before the passengers allowed to go ashore.

18. Any requests from school regarding safety information, risk assessments, insurance and crew competency etc, are met as required prior to any voyage. The company insists on a minimum of one adult supervisor to 25 children of 16 years and under.
19. On any school trips or other trips where most of the passengers are under eighteen years of age, the bar will not be open unless specifically requested for the role of soft drinks. The crew are instructed to patrol all parts of the vessel at regular intervals to check for any unruly/unsafe behaviour.
20. Unaccompanied children are not allowed on board after 2000hrs. The crew will always be on the entrance/exit gate when embarkation or disembarkation is taking place.

On Saturday the 14th January 2017 at 2345hrs Police attended calls for assistance to a large fight on board Motor Vessel **The Jewel Of London**.

On Police arrival the vessel was docked at Westminster Pier.

In total 32 Police units attended what was reported as 150 people fighting. On arrival there were approximately 150 people contained on the vessel, the group were aggressive and attempting to jump from the boat onto the pier. For safety reasons and to facilitate the investigation they were allowed to filter off the vessel into a contained area held by the Police on scene.

Initial investigations found four males with serious injuries, one male had two large stab wounds to his back, a second with a stab wound to his head and a third with deep cuts to his hands and a 10cm slash wound across his head and cuts to his face. A fourth male appeared to have been hit with a bottle and had a cut to his eye.

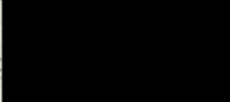

CCTV from the vessel shows various males fighting with what appears to be a knife, bottles and belts. This matter is still under investigation but the initial indication is that weapons had been taken on board the vessel and or obtained and used whilst on board. This resulted in at least four males receiving injuries consistent with GBH, and five males being arrested for public order related offences.

A total of 32 Police units attended the scene, at least two paramedic units and what will be a lengthy and resource intensive investigation.

This appears to be an isolated incident, there is no evidence that the premises were operating in breach of the premises licence, however I believe it is so serious that interim measures are required for the prevention of crime and disorder.

I am of the opinion that this matter needs expediting under section 53a of the licensing act 2003, we should be asking the licensing committee to suspend the premise licence as an interim measure pending a full review hearing.

PROTECTIVE MARKING

1. A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both.

 - conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.
Serious disorder is not defined in legislation, and so bears its ordinary English meaning.
2. Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder, or both.

Revellers today told how they feared for their lives when celebrations on a Thames party boat flared into violence which left three people in hospital.

One man was stabbed and two others injured when a fight broke out on board the £360-an-hour Jewel Of London as it arrived back at Westminster Pier after the "New Year's All Black Boat Party."

More than 50 police officers swarmed the vessel as paramedics wheeled one man, 21, away in a wheelchair. He remains in hospital with injuries said to be non-life threatening.

Another man was seen leaving the boat with a bandage wrapped around his head.

The event, which was advertised on Facebook with tickets costing £30, played host to several different birthdays.

Sports journalist Toby Giles was walking across Westminster Bridge when he saw the disturbance.

He told the Standard: "At first I thought it must have been an exercise. There were about 12 police cars and as I was walking up I could see a lot more coming from both directions.

"The pier was closed off and I could see at least two people being treated.

"One had a bandage around his head and one was in a wheel chair wrapped in foil. You could see he was either in and out of consciousness or woozy. People were being questioned and I saw one guy in handcuffs."

My name is Nick Buttrose and I am a police constable on the Marine Policing Unit of the Metropolitan Police Service. Westminster area following a terrorist attack on Westminster Bridge and Parliament. As part of the post-incident containment a cordon had been placed (under sect 33 Terrorism Act 2006) which included the River Thames. The extent of the closure ran upriver from Embankment Pier to Vauxhall Bridge. On arrival we were tasked with the security of the cordon and at 0830 hours (of the 23rd March) we were positioned alongside Millbank Pier at the upper end of the closure. I noticed a large passenger vessel I recognised as the Jewel of London navigating downriver and passing through Vauxhall Bridge. I called the boat on my VHF radio

Continued and informed the Master, a man I now know was Robert Carrens, that he had breached a police cordon and instructed him to turn about and head back upriver. The vessel continued towards us and Carrens said over the radio, "You better get out of the way I can't stop that quietly." I was aware that earlier in the day Carrens had requested to be allowed through the closure to meet the Jewel alongside his mooring at Millbank upper (inside the cordon). He was refused permission by Marine police and the VTS from the Port of London. I said to Carrens over the VHF "You have been told

On Thursday 23rd of March 2017, I was the Police Officer in charge of the premises licence applications for the Jewel of London and Pearl of London party boats, on behalf of the Westminster Police Licensing Team. On this day there was to be a Westminster Licensing Sub Committee Hearing on the 17th Floor of Westminster City Hall, to hear both applications. While the Committee was deliberating over an earlier case that I was also representing on behalf of the Police, I was passed an email that had been received by my office from the Metropolitan Police Service, Marine Police Unit (SC020). The email was from an officer from that unit informing us of the following. That due to the Westminster terrorist incident the previous day, Wednesday 22/03/2017, a no entry Police cordon was enforced across the width of the river near Vauxhall Bridge, under Section 33 of the 2000 Terrorist Act. Mr Cairns had been instructed not to enter the cordon by Police but that he did so anyway. He therefore had been reported for this offence and that a crime report would be created. The email specifically stated that this incident was not a licensing issue but that it "goes to the character of Robbie Cairns", I notified a representative of the Westminster Council Licensing Team. A decision was made to notify the Sub Committee prior to the hearing. Due to sensitivity of the circumstances following the terrorist attack on Parliament, during which lives had been lost, including that of a Police Officer, an adjournment was considered the most appropriate course of action. Mr Cairns legal representative was not in favour of an adjournment therefore the Committee heard from Mr Cairns as to his explanation for the enforcement action by the Marine Police Unit. Due to him not providing any reasonable explanation or mitigating circumstances, a decision was made to adjourn the hearing to another date. I have subsequently received the Officer's notes on the case and have submitted them to form part of the evidence.

It is my opinion on behalf of the Metropolitan Police Service that Mr Cairns failure to act upon clear instructions from the Police during a time of extreme risk to the Public, following an actual terrorist attack nearby, does not provide us with confidence that he will be a responsible operator in charge of the safety of hundreds of persons who will use the services of his party boats.
