2. Representations

2-A Responsible Authorities	
Responsible Authority:	Licensing Authority
Representative:	Ms Daisy Gadd
Received:	21 March 2018

I write in relation to the application submitted for a variation of the premises licence for Vapiano, situated at 84-86 Wardour Street.

The variation application being considered seeks to amend conditions 26 and 27 and add an additional condition to permit the sale of alcohol and provision of late night refreshment during the extended hours for delivery services only.

The premises is located within the West End Cumulative Impact Area and as such a number of policy points must be considered, namely PN1, CIP1, FFP2 and HRS1.

The Licensing Authority believes that there is insufficient information contained within the application that sets out how the licensee will reduce the impact of public nuisance from the contracted delivery drivers. The Licensing Authority requires the following additional information to fully consider the likely impact on the Licensing Objectives, specifically public nuisance:

- A) What controls will the licensee have in place to ensure that public nuisance isn't created via the additional hours of operation and the delivery service. The licensee should consider the potential public nuisance caused by the gathering of delivery drivers outside the premises, littering and vehicle noise.
- B) How will the licensee control delivery drivers employed by a third party under the delivery contract if they are found to be causing public nuisance.
- C) What measures will the licensee provide to mitigate any risk of increased public nuisance to residents in the area.

The Licensing Authority are concerned that adding the delivery element to the operation of the premises is likely to cause public nuisance in the local area and will subsequently add to cumulative impact in the cumulative impact areas. Given the use of the area as a commercial and residential locality, the Licensing Authority have further concerns over the operation of a delivery service outside of Westminster's Core Hours Policy and how this operation will promote the licensing objectives. It is for these reasons that we object to this variation application.

Please accept this as a formal representation to this application.

Responsible Authority:	Environmental Health Service
Representative:	Mr Maxwell Koduah
Received:	22 March 2018

I refer to the application for the variation of the Premises Licence for the above mentioned premises. These premises are located within the West End Cumulative Impact area. I have considered the information that you have provided within and accompanying this application. I have also considered the proposed variation in line with the relevant policies within the Councils Statement of Licensing Policy dated January 2016.

The licensee is seeking to vary their licence to enable the delivery of alcohol and hot food and drink from the premises. To enable this the licensee proposes to amend the licence as follows:

1. To amend condition 26 from:

There shall be no take away of hot food and hot drinks after 23:00

so that it reads:

There shall be no take away of hot food and hot drinks for immediate consumption after 23:00

2. To amend condition 27 from:

There shall be no sales of alcohol for consumption off the premises, save for persons who have dined at the premises

so that it reads:

There shall be no sales of alcohol for consumption off the premises, save for persons who have dined at the premises or are being delivered a substantial table meal to a bona fide address

3. To add the following new condition:

Notwithstanding condition 13, deliveries of alcohol and the provision of late night refreshment (where applicable) shall be permitted to be made from the premises until 23:00 hours on Sundays, 00:00 hours Mondays to Thursdays, 01:00 Fridays to Saturdays and 00:30 on Sundays before bank holidays.

Following consideration of the application and how it may affect the Licensing Objectives and meeting the requirements of the Council's Statement of Licensing Policy I wish to make the following representations:

1. To relax take away services of hot food and hot drinks by amending condition 26 may have the likely effect of increasing Public Nuisance and impact on Public Safety within the West End Cumulative Impact area
2. To amend condition 27 to allow extended off sale of alcohol via delivery may have the likely effect of increasing Public Nuisance and impact on Public Safety within the West End Cumulative Impact area
3. To allow extended alcohol supply and the provision of late night refreshment for consumption off the premises via a delivery service may have the likely effect of increasing Public Nuisance and impact on Public Safety within the West End Cumulative Impact area
4. The use of third party delivery companies may have the likely effect of increasing Public Nuisance, harming children and/or impact Public Safety within the West End Cumulative Impact area.

As applied, the application raises the following concerns:

1. The arrival, departure and congregation of delivery drivers may create public nuisance that may affect those living near the premises.
2. Congestion of the pavement and/or the roadway may impede reasonable access and therefore create a Public nuisance and impact on public safety
3. There are currently ongoing investigation of noise associated with deliveries with premises in the area including these premises and the variation application if granted may add to the current level of public nuisance in the area.
4. The licensee may not be able to control the potential impact of delivery drivers outside their premises as they will be using a third party for the provision of deliveries during the hours specified.
5. The licensee has not provided any information and how it will ensure that the operation of a the delivery from the premises will be controlled to prevent any impact on the licensing objectives
6. There is a need for further information on how the age verification will be undertaken to ensure that those who have ordered alcohol are over 18.
7. What controls will the licensee have in place or contractual agreements with the delivery company that age verification checks will be completed and how we these age verification systems will be monitored to ensure that no one under the age of 18 is sold alcohol.
8. How will the licensee ensure that the person delivering the alcohol will be over the age of 18?

The applicant has provided an additional condition in support of the application but these do not fully address the concerns of Environmental Health and additional conditions may be proposed.

It is my view that there is insufficient information to address the concerns that I have raised above within and accompanying this application. As such if further information is not forthcoming, the granting of this variation as presented would have the likely effect of causing an increase in Public Nuisance and may affect Public Safety within the West End Cumulative Impact area.

Should you wish to discuss the matter further please do not hesitate to contact me.

Further correspondence from EH to Applicant's Agent

Dear Mrs Gayle Marilyn

As you are aware, on 16th April, a meeting was held at above premises in respect of above application. At the meeting, your client, was represented by Vicky O'Neil (head of marketing) and Neil Mccann, from your office. The following issues were discussed at the meeting:

- The proposed hours for delivery shall be cut back to 23:00 hours
- The coverage for delivery will be about 2km radius
- Delivery drivers would wait inside the premises to collect deliveries
- Less likelihood of speculative drivers hanging around the premises as orders are not made directly to drivers
- Delivery companies shall implement Challenge 25 policy
- Drivers will use either push bikes or motor bikes (moped) as cars are not allowed within W1
- Licensee to use terms of contracts & renewal to control conduct of drivers indirectly

Neil promised to confirm the above and other commitments in an operational management plan to be submitted to all interested parties. I am yet to receive the said plan.

Please advise Mark to bring forward the said plan as I need its content to make a decision around my representation.

Please note: At the time that the report was published, the Applicant's Solicitor has not confirmed, in writing, that the application is to be amended as per the discussions at the site meeting between the Licensing Authority, Environmental Health and the Applicants. Therefore, the application should be considered and determined as applied for.

<p>Dear Annette</p> <p>I am writing in my capacity as West End Ward Councillor in support of concerns expressed by constituents living in Meard Street.</p> <p>I fully support those concerns, and would therefore urge that the Application be refused and/or conditioned in such a way as to address those concerns.</p> <p>I am particularly concerned as to the approach to obtain a License to undertake take-away from the premises, together with the associated disturbance which would be caused by a Deliveroo-type operation from the premises, and would therefore urge you to ensure that no such permission or License is given.</p>

<p>I write to make a relevant representation to the above application on behalf of The Soho Society.</p> <p>The Soho Society objects to this application as it is currently presented, on the grounds of prevention of public nuisance, prevention of crime and disorder and cumulative impact in the West End Cumulative Impact Area.</p> <p>About The Soho Society</p> <p>The Soho Society is a charitable company limited by guarantee established in 1972. The society is a recognised amenity group and was formed to make Soho a better place to live, work or visit by preserving and enhancing the area's existing diversity of character and uses, and by improving its facilities, amenities and environment. In particular, the society supports the Westminster City Council's policies, including the cumulative impact policy, as set out in the Statement of Licensing Policy 2016.</p> <p>Application summary</p> <p><i>The applicant seeks to extend the terminal hour for deliveries of alcohol and the provision of late night refreshment from the premises until 23.00 hours on Sundays, 00.00 hours Mondays-Thursdays, 01.00 Fridays and Saturdays, and 00.30 on Sundays before Bank Holidays, stating that these variations “..are sought to permit deliveries by companies such as Deliveroo and UberEATS.”</i></p>	

The premises are located in the heart of the West End Cumulative Impact Area, close to the junction of Wardour and Meard Streets, where noise levels already breach WHO, EU and Government guidelines. Meard Street – slightly south of Vapiano - is comprised of private domestic residences (with just a few small commercial premises), and on the other side of Vapiano (slightly to the north) are the Soho Lofts, a large residential block at 90 Wardour Street. Opposite Meard Street is Peter Street, which is also highly residential. Already saturated with licensed premises, Wardour Street is one of the busiest local thoroughfares, bisecting Soho between Oxford Street and Shaftesbury Avenue, and there are various residential streets and alleyways branching immediately off the street and in the near vicinity. Given the residential concentration surrounding these premises, we are concerned that the applicant seeks a terminal operating hour each day that directly contravenes Westminster's accepted core hours. Further, the application explicitly states that the terminal hour variations are being applied for to facilitate deliveries of food and drink by professional delivery companies. Given the location, this raises further concerns about continued erosion of residential amenity due to the certain increase in delivery drivers, meaning congestion and parking problems, as well as more noise from motorbikes and drivers later into the night. It should also be noted that pedestrianised Meard Street is already used as a convenient short cut for bikes between Wardour and Dean Streets, and more delivery drivers will inevitably use this route and further exacerbate the problem. The application also seeks to amend existing conditions 26 and 27 to allow off-sales of food and alcohol beyond defined core hours until the proposed terminal hour, stating that hot food and drinks will not be "for immediate consumption". In practice, this is almost impossible to enforce and will lead to consumption nearby, resulting in an increase in rubbish and discarded food in the surrounding environment.

Licensing policy

This area has been identified by the Westminster City Council (2.4.1 of the Statement of Licensing Policy, as amended) as under stress because the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses.

The policies in relation to the stress areas are directed at the global and cumulative effects of licences on the area as a whole (2.4.5 of the policy). The policies are intended to be strict and will only be overridden in genuinely exceptional circumstances (2.4.2 of the policy). The growth in the entertainment industry in Soho has led to a marked deterioration in the quality of life and well-being of local residents and it has jeopardised the sustainability of the community. Soho has a substantial residential community and many of these residents suffer from problems such as, but not limited to, high levels of noise nuisance, problems with waste, urinating and defecating in the streets, threats to public safety, anti-social behaviour, crime and disorder and the change in character of historic areas.

For the reasons I have set out, we believe that the application, if granted in its present form, would fail to promote the licensing objectives of prevention of public nuisance, prevention of crime and disorder, and cumulative impact in the West End Cumulative Impact Area.

Please let me know if any proposals are made to amend the application; particularly in respect of the opening hours.

Received: 07 March 2018

We object to this substantial alteration to the licence.

The effect will be to attract even more noisy and polluting motor bikes and traffic to add to that which already affects the immediate vicinity of residential Meard Street late into the night. There will be a cumulative impact due to the parking problems which already affect Wardour Street at all hours.

Delivery bikes (including motor bikes) already regularly use pedestrianised Meard Street as a cut-through between Dean Street and Wardour Street and this change to the licence of a restaurant so near to the junction of Meard Street and Wardour Street would only exacerbate that problem.

Further, as the proposed licence changes would also allow off-sales of alcohol via delivery services for the first time, it will also no doubt significantly increase all the types of nuisance and problems at other times by increasing the demand for Vapiano meal deliveries.

The licence changes also seek to allow late night take-away service of hot food and drink so long as "not for immediate consumption". This is a meaningless and unenforceable restriction which drives a coach and four through existing licence condition 26 and would lead to even more people eating their take-aways in quiet Meard Street which is just around the corner from this restaurant. This type of activity from other restaurants already leads to anti-social behaviour, litter and worse on a nightly basis in Meard Street (and elsewhere) and so should not be allowed.

Received: 13 March 2018

I strongly object to Va Piano's request for extended hours, this will only serve to compound the already stretched late night noise levels (especially in Wardour St) & the concomitant state of the area's rubbish & night soil.stained pavements

Received: 09 March 2018

10:08 PM on 09 Mar 2018 This is a major change re the licence. If it goes ahead, the residential Meard Street on the corner, already under considerable noise pressure, will suffer yet more noise - for the extended hours will attract more and more traffic, into the night.

Meard Street already suffers from motorbikes - although part pedestrianised (bikes and

Motorbikes often ignore that) - with the air pollution as well as noise. With late night take-away - and alcohol - all this will be aggravated, disturbing residents.

Let us not fall for the condition of: not for immediate consumption. Who would be around to enforce that? There would just be more noise, more litter, more rowdy behaviour, more urination in doorways. If you consult complaints to councillors, you would see how much nuisance, from noise to litter; from late deliveries to rowdy behaviour, the street suffers. Please do not add to it.

That is why I - and other residents - strongly object to the proposed changes.

Received: 13 March 2018

Comment:3:34 PM on 13 Mar 2018 Wardour street already has multiple issues relating to nighttime noise, rubbish and congestion. Noise levels in the immediate area of the premises already breach WHO, EU and Government guidelines by WCC own admission. Delivery companies arriving and leaving the premises at the proposed late hour will undoubtedly increase the noise disturbance to local residents. There will be an increase in traffic congestion as result of delivery companies parking illegally as their are no designated parking places for this type of service.

Commercial waste build up is already a noted problem in the area. No provision has been made for where the commercial waste will be stored by the premises overnight. Soho, and particularly Wardour Street have been designated as a high stress zone. Endeavours by commercial establishments to increase their revenues at the expense of the residents right to the peaceful enjoyment of their homes is simply unacceptable.

Received: 13 March 2018

Comment:9:50 AM on 13 Mar 2018 My objection is based on the fact that this part of Soho is a high stress area and as residents we don't benefit and only either deal with and or suffer from the fall out.

By granting this extended license the consequence for residents, particularly on Meard Street as it is a pedestrian street, is that more passers by with food and alcohol cause a nuisance here and litter with rubbish and food waste. Noise is a particular issue for this residential street. Extended licenses cause more problems with noise, hooligan behaviour, drug dealing and use of drugs and the consequence of this. This is serious problem that is not being addressed. Most recently Friday 9th March, I was consistently woken with unacceptable social behaviour 4 times between midnight and 5am including my door bell rung and as well as the rest of the building. When I looked out of my window it was either drunk passers by but more importantly a lot of drug dealing lit by street lights in the middle of the pedestrian road. Groups of dealers and buyer. At one point 10-12 people blazingly dealing.

There are also the delivery food bikes who cut through all the streets in Soho, particularly the pedestrian streets dangerously. When I had a dog until recently, it was only a quick reaction by me that saved her several times.

I have nothing against this restaurant and have eaten there however licensing and extended hours in Soho has to be really looked at and re-thought. it causes most of the socially unacceptable problems daily than any thing else.
