<p>I wish to make Representations on the following grounds:</p> <p>Representation is made in relation to the application, as the proposals are likely to increase Public Nuisance.</p>	
Responsible Authority:	Metropolitan Police Service
Representative:	PC Adam Deweltz
Received:	5 th April 2018
<p>With reference to the above, I am writing to inform you that the Metropolitan Police, as a Responsible Authority, will be making a representation against this application.</p> <p>It is our belief that if granted the application would undermine the Licensing Objectives in relation to The Prevention of Crime and Disorder.</p> <p>This application will need to be heard before the Licensing Sub Committee due to the late extension of hours sought for licensable activity.</p> <p><u>Further correspondence between the Applicant and the Police:</u></p> <p>Many thanks for your recent visit to the premises and meeting with my clients.</p> <p>As promised I said I would get back to you on the issue of a no entry condition and as you could probably imagine we would be seeking a later hour than your suggestion. They realise that entry up to 06.00 would be unrealistic in the circumstances but would wish to go with a no entry post 03.00 condition if this assists.</p> <p>They have of course had a number of evenings at the club carried on under the authority of temporary events notices which themselves have run to 06.00. Police and council officers have had no objection to these notices and they have all gone off without incident and no complaints from local residents. Indeed many of the local residents, I am instructed support the club and its activities.</p> <p>The Greek ex pat community in London tend to arrive late and disperse throughout the evening so there are not really issues with many people arriving at once and leaving at the same time which is probably the reason why there are no complaints from locals in this respect. Further the premises also benefits from a very generous reception area which allows members to wait inside before moving downstairs to the club or before leaving. This minimises quite substantially any noise that may occur in Newman Street.</p>	

I know that on previous occasions where they have had a 01.00 entry condition imposed it has ended up in many members all arriving at about the same time in order to get in whereas a later hour would also reduce that any problems with that issue. The experience is that members tend to arrive and leave sporadically throughout the evening as you might expect in a members club such as this.

We would therefore submit that even without an entry condition there will be no issues arising but my client is prepared to offer a compromise on this issue to 03.00 if it provides some comfort to you.

There have been no issues with drunkenness at the premises because, again, members tend to arrive later without really having been drinking anywhere else. The community is quite strict and there is much opprobrium to be attached to any member who loses an important membership because of any anti-social behaviour and I suspect that this is why there have been no such incidents at the club during its years of operation.

Further correspondence between the Police and the Applicant

Many thanks for the comprehensive response.

I would be happy with a last entry time of 03:00 Thur, Fri and Sat.

Would you agree to a last entry time of 01:00 on Sun, Mon, Tue and Wed seeing as the venue wishes to close at 3am on those days?

Further correspondence between the Applicant and the Police

My client is happy to accept your proposed condition as set out below.

Does this mean that you are now able to withdraw your rep?

<p>Our association strongly objects to this extension of hours for licensable activities to 0300 hours on the days following Sunday to Wednesday and to 0600 hours on the day following Thursday to Saturday; and we also object to sale by retail of alcohol to extend the terminal hour from 2330 to 0230 on days following Sunday to Wednesday and from 0230 to 0530 on the days following Thursday to Saturday. This variation would cause unacceptable noise nuisance to residents living in Newman Street, and opposite in Eastcastle Street. This area has a large residential population which would be disturbed by the operation of the premises. The application should be rejected.</p> <p>Licensing Service Note: A Request has been received from the Solicitor representing the Fitzrovia Neighbourhood Association to include an out of time representation as evidence in support of the Fitzrovia Neighbourhood Association representation.</p>

<p>The application should be rejected on the grounds of public safety, the prevention of public nuisance and for the prevention of crime and disorder.</p> <p>The area already has issues with public safety, nuisance and crime and the problem will be yet again the noise and public disorder and crime that results from those leaving the premises at such hours all the way to 3am and 6am. This has a detrimental effect on residential neighbours.</p>

<p>Mimi's already creates a lot of noise when the customers are leaving in the early hours of Saturday and Sunday mornings.</p> <p>Uber's are lined up on the right hand side of Newman Street, and parked cars on the single yellow on the left hand side create problems for cars and a lot of vans trying to pass. Often Uber's stop in the middle of the road to collect customers.</p> <p>There's people always outside the venue. Their security is always outside the venue which is also intimidating when walking home.</p> <p>With Nordic Bar, Mandrake Hotel and Mimi's, this area of Newman Street is now very noisy and congested for residents.</p>

<p>Since the opening of Mimi's Bar in 2015 the noise level on Newman street has increased significantly, particularly on Friday and Saturday nights when intoxicated patrons loiter outside the establishment until the early hours of the morning, often well past 4 am. When Mimi's has a busy night, sleep has become almost impossible for my family as we live in one of the buildings opposite the bar. Extending the hours at that Mimi's will mean</p>	

reliable sleep is a thing of the past for those of us living on Newman street. I love living here but will be forced to relocate should this application be approved. Please decline the application.

I have only just seen notice and wish to primarily object to the ridiculous hours that are proposed for a mixed use residential district.
These proposals will have a detrimental effect on residents peace and sleep time.
They will cause an increase in crime and disorder.

I am a Resident in Fitzrovia I live a 5 minute walk away from Mimis. I am also a Member of Mimis. Living in Fitzrovia I am frequently experiencing the negative impact licensed premises have on my neighbourhood.

Different licensed premises have their own character and business model and this I believe is the reason why some premises have a real negative impact in our neighbourhood and others like Mimis have none at all.

Mimis is always quiet outside during operations and you will find that Members of the club maintain respect for the area. Attending the premises and also living in the neighbourhood I cannot ever remember their being any incident of noise or public nuisance from Mimis. As a Member I have experienced many events at Mimis with special time extensions approved by the Council. On these occasions I am not drinking more I am spreading out my drinking over a longer period of time, I do not feel rushed to drink. The Club on these occasions does not experience many people leaving all at the same time. With more time people leave in smaller groups at their own pace. If I do not have any early next day commitments I usually will always stay till 6am on these special extension nights and there are not many people left at the end of the night.

The Extension of time would enhance the Members experience without having an impact on residents. The Extension makes it a lot easier for the Mimi's to keep its excellent track record of no complaints.

I have been a resident in the heart of Fitzrovia for over 3 years. I know Newman Street well as its the road I walk through to get to work and come back from work.

I am often meeting friends in the Soho area for dinner or drinks and Newman Street will be the shortest route for me to walk towards Soho, Oxford Street direction. All my important transport links I choose to take from buses or tubes are all located within Oxford Street.

When I am walking late at night from Oxford Street back home I walk through Newman Street. I have been walking through for some years and I have become familiar with the door staff outside Mimi's. They are always polite and courteous. I have not experienced any public nuisance or crime and disorder from Mimi's. Every time I walk past at night, Mimi's is very quiet from the outside and having door staff who are polite and respectful to residents during the night time gives me a sense of security and protection.

Extending the hours for Mimi's will only extend the sense of security and protection in Fitzrovia neighbourhood. I have never seen any police in Fitzrovia late night while walking home so to see familiar and friendly door men consistently all the time whenever I walk past late at night is very important for me and I am sure other residents can feel this sense of security.

I work in the offices above the application for many years. Mimi's is located in the basement of the building. I can work quite late and have left the Spa at 10pm or close to midnight on some occasions. Since the applicants operation started in 2014 i have not had any complaint. I have never experienced any noise from the club neither have i witnessed any public nuisance or crime and disorder to date. I have neither heard of any complaints from direct neighbours in the area.

The establishment of the Hellenic Institute of Cultural Diplomacy was dictated by the need to rethink Greece's position in the world, not in terms of reproduction but of creation and to build bridges of cultural dialogue. The Institute aims to shift perceptions of Greece, abroad. How? By fostering a move away from the reproduction of our heritage, towards the creation of modern Greek Culture.

The Hellenic Institute of Cultural Diplomacy regularly attends and hosts events at Mimi's. The institute features talks, meetings, social gatherings, we experience Greek artists and performers, and we as members are able to listen to Greek music by the new and established artists from Greece.

Mimi's is the only Greek private members club for professionals in London. Mimi's provides a social base for the Greek Community to stay in touch and to have a place where we can enjoy all aspects of our culture through performance, Music, Art & Special Events.

We as a Greek community in London have a culture for eating late and socialising late. We would wish that the Licence of our club truly reflects our social needs. The Greek Community takes pride of being a member of Mimi's. All members are fully aware that membership can be

cancelled if there are any instances of public nuisance or any disturbance when arriving or leaving Mimi's.

The Hellenic Institute urges Westminster Council to grant the extension of hours. Mimi's has proven that it can operate on many occasions till 6am without complaint.

Thank you for your notification letter received. York house is located on the Corner of Newman Steet and Eastcastle Street. From my flat I am able to look out my window to Newman Street and Eastcastle Street.

I can experience from my flat a lot of disturbance from cars, ambulances, dustbin trucks, police sirens and during the night time there can be incidents of noise disturbance from drunk people walking from Soho and Oxford Street. In York House we do not have double glazing so even with my windows shut noise can get through.

I have been living in my apartment for 4 years. A yea ago I decided to become a member of Mimi's Club. I lived very close and I never experienced any noise or public disorder from the premises.

In my opinion the main reason Mimi's does not have any noise and public disorder issues is that everyone knows everybody, it is not open to the public. I would say that it has a very social family atmosphere which self regulates. So for example if one of the group has one too many drinks we will all make sure that they do not drink another. Or if we see a conversation that is becoming a little too heated we can foster a hug and friendship.

I remember when I first applied for membership and I met the management. They called me for an informal meeting at the office. Apart fro wanting to know about me, I was also told the main theme of the membership riles: that I should have respect for the residents in the area. To arrive and leave quietly. This was very heart warming to hear living pretty much directly opposite.

I have attended events with longer extensions till 6am at Mimi's. These extensions have worked very well for us Greeks as a community, as we do not drink more however drink over a longer period of time without a rush. Also people will leave of their own time rather than leave all together at the same time. We also traditionally socialise till a lot later than 3am.

I generally would oppose any type of late night extension where I live however I have first hand knowledge living next to the premises and also attending the premises at least once a month. I would be very surprised if the Council did have any complaints of noise or public nuisance from Mimi's.

I hope this letter informs the Council in making the correct decision to grant the time extension to Mimi's.

I am a resident in Fitzrovia so I know how horrible it is to be woken up at night from people shouting after a night out. I know in the past many residents and resident s associations gather to object against any kind of extension proposed to premises licence applications. It makes general sense to protect against where the public nuisance, noise, crime and disorder usually starts. However this default approach does not account for premises who are not to blame for any of these issues or are very well managed licences that are very different from the rest like Mimi's in Newman Street.

I am a member of Mimi's. So I do have first hand knowledge of operations and the type of clients attending the premises and also the events that take place Mimi's is an establishment that is very unique not just in Fitzrovia, but in London as a whole.

We as members of the club are there to socialise and enjoy Greek music in a happy atmosphere all sharing the same culture, a lot of us grew up in the same towns or cities in Greece. A lot of us went to school together and have strong family connections. Its not the place where mobile phones go missing (my last experience when I went out for drinks in Soho) unless my cousins best friend from primary school accidently picked it up. The Greeks love to argue and sometimes debates can get heated but that will be between family friends and ends in a hug instead of crime and disorder. Mimi's is the only club that brings in beloved Greek performers to perform for us, so the prestige and honour it is to be a member here is very important to everyone in the community. So keeping quiet when arriving and leaving as per members rules is very easy and does not turn into noise nuisance. We have a very strong community feeling at Mimi's. The door men themselves are usually not the ones who seem to be controlling the members its actually the members themselves. So for example if one of our friends has one too many drinks we will warn them to stop drinking, or if they are talking too loud we will tell them ourselves to keep their voices down or wait inside for a taxi.

I hope the Council can grant Mimi's and its members a chance to further prove that we can have a late night premises which does not cause any nuisance or disturbance to neighbours. We are able to enjoy socialising at Mimi's till a lot later without any harm to the area.

My flat is directly opposite Mimi's. I believe I am the closest resident to Mimi's. My main window looks into Mimi's directly. My flat is located on the second floor close to the street, which enables me to observe and hear all goings on in Newman Street. My flat does not have double glazing so I am very sensitive to all types of noise.

Living in Newman Street, is very noisy affair night and day. There is always traffic, ambulances, buses are constantly being re routed due to road closures, dustbin trucks frequent the street early morning and night, horns are very loud from cars and the street is becoming busier with pedestrians. Newman Street has become a parking spot location after 6:30pm as I see many people park up and return from Oxford Street/Soho area and Charlotte Street shouting and screaming drunk through Newman Street. There are other licensed premises on Newman Street who frankly do a horrible job with maintaining peace and quiet on Newman Street (and I have informed the Council whenever I have felt its become intolerable).

I observe all of the above from my window. I use my computer frequently and I sit by my window many times past midnight and some weekends till 2-3am. Mimi's is always very quiet. Not a squeak. I will always be alerted to some noise or disturbance in the street and it will not

be associated with Mimi's.

I have observed their clients entering and leaving after midnight and until the early hours of the morning. Their patrons always enter and leave the premises quietly. I have observed their door staff and their management take a very pro active approach. Many times I see them communicating with people outside my window to keep quiet who are completely un-associated with their premises. I have observed first hand that they care about the residents in the area and take concern for public nuisance and anti social behaviour in Newman Street.

Mimi's has demonstrated that they can operate a late night establishment with no public nuisance or any anti-social behaviour. I feel compelled to support this application as there are always objections for extension of hours due to increase of public nuisance ad anti-social behaviour. Which I have to say in most cases is a fact. However, I have witnessed first hand tat Mimi's is the exception as it has clearly demonstrated that they can operate a late night establishment without harming the amenity of the area. Mimi's enhances Newman Street by helping security and safety and showing a professional presence which is invaluable to me as a resident. I am not a member nor have I ever been in the Private Members Club but living directly opposite the club I would say I like the prestigious feel it has and I feel it is an asset to Newman Street.

I support Mimi's Licensing Variation application, 18/03431/LIPV.

I am a resident (just 5 minutes walk away) from Mimi's and I have been a member of the club for just over 2 years.

As a resident for over 3 years I have always liked the vibrancy and excitement of living in central London. I feel living in Fitzrovia gives me the benefit of living in the heart of London but also I benefit from living in a very charming residential neighbourhood which is quiet most of the time.

Residents like myself should not tolerate any kind of anti-social behaviour or noise disturbance. I do not believe the argument that we live in central London so we should deal with it. For me a good night sleep is very important and I have in the past been woken up by noise elements on my street.

However, it is sometimes very hard for a resident to understand where noise and disturbance has originated from so I am aware it is just easier for us as a community to resist time extensions.

Mimi's is a Greek Private Members Club. As a Greek professional living in London we all share a sense of community at Mimi's. I guess we are protective over our social venue as its valuable to us so we all have a stake to make sure it exists for the long term.

Extending hours at Mimi's will not result in added noise or disturbance in the area. I as Greek living in London want a social place where we feel at home and have a licence that reflect the need for longer hours for our events and social time. This may seem long to be able to socialise until 6am, however this is the way we socialise as Greeks and how we experience events like birthdays, Name days and religious days.

My name is Ioannis Amoutzas and I work as a finance officer in London. I am part of many Hellenic Networking Organisations and I am currently serving as a president of ONNED UK, the youth Organisation of the Greek Conservative Party in the United Kingdom.

In my role at the Greek Political Organisation, I visit regularly and also host and attend events at Mimi's Private Members Club. This is an important place as it has the capacity to enhance our community through allowing greater networking opportunities.

Mimi's is the only – to my knowledge – Greek Private Members Club in London and plays a vital role in bringing together the Greek community within London. It also plays an important role for showing Greek Culture, art, music and performance.

As an active member of many societies and as president of one of them, I support the licensing application and I do believe that Mimi's will continue bringing together more people and promote Greek culture.

Camden Beauty Spa head office is located above Mimi's, in the same building. I have been working at the company for over 5 years and I cannot remember ever having any issue regarding noise, public nuisance, crime and disorder from Mimi's Club. I find the door men and personnel to be very friendly when I am leaving. Their clients are very well behaved. The time extension is no cause for concern in the area as they have a very quiet operation.

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:

Policy HRS1 applies:	<p>(i) Applications for hours within the core hours set out below in this policy will generally be granted, subject to not being contrary to other policies in the Statement of Licensing Policy.</p> <p>(ii) Applications for hours outside the core hours set out below in this policy will be considered on their merits, subject to other relevant policies.</p>
