## 1. RECOMMENDATION

Grant conditional permission.

## 2. SUMMARY

The application relates to part of the public highway outside 3 Park Close, which is a restaurant named 'Osteria Romana'. The restaurant comprises the ground and basement floors and is part of an unlisted building. Park Close is a pedestrian passageway between Knightsbridge and South Carriage Drive. The site lies within the Knightsbridge Green Conservation Area. The applicant seeks planning permission for the use of part of public highway for the placing of three tables and six chairs in connection with the restaurant.

The key issues are:

- \* the impact on neighbouring residential amenity; and
- \* the impact on pedestrian safety.

On 30 November 2017 and 15 May 2018, the City Council refused permission for the use of part of the public highway for the placing of six tables and 12 chairs on the grounds the use would result in unacceptable noise disturbance to nearby residents. These applications sought permission to use the area between 09:00 and 22:00 hours each day.

The current application reduces the number of proposed tables and chairs to three and six respectively, halving the number of seats. The applicant has also reduced the proposed hours of use to between 12:00 and 17:00 hours each day.

Eight objections have been received from neighbouring residents, and those who represent them, primarily on the grounds the proposal would harm residential amenity and would obstruct the footway.

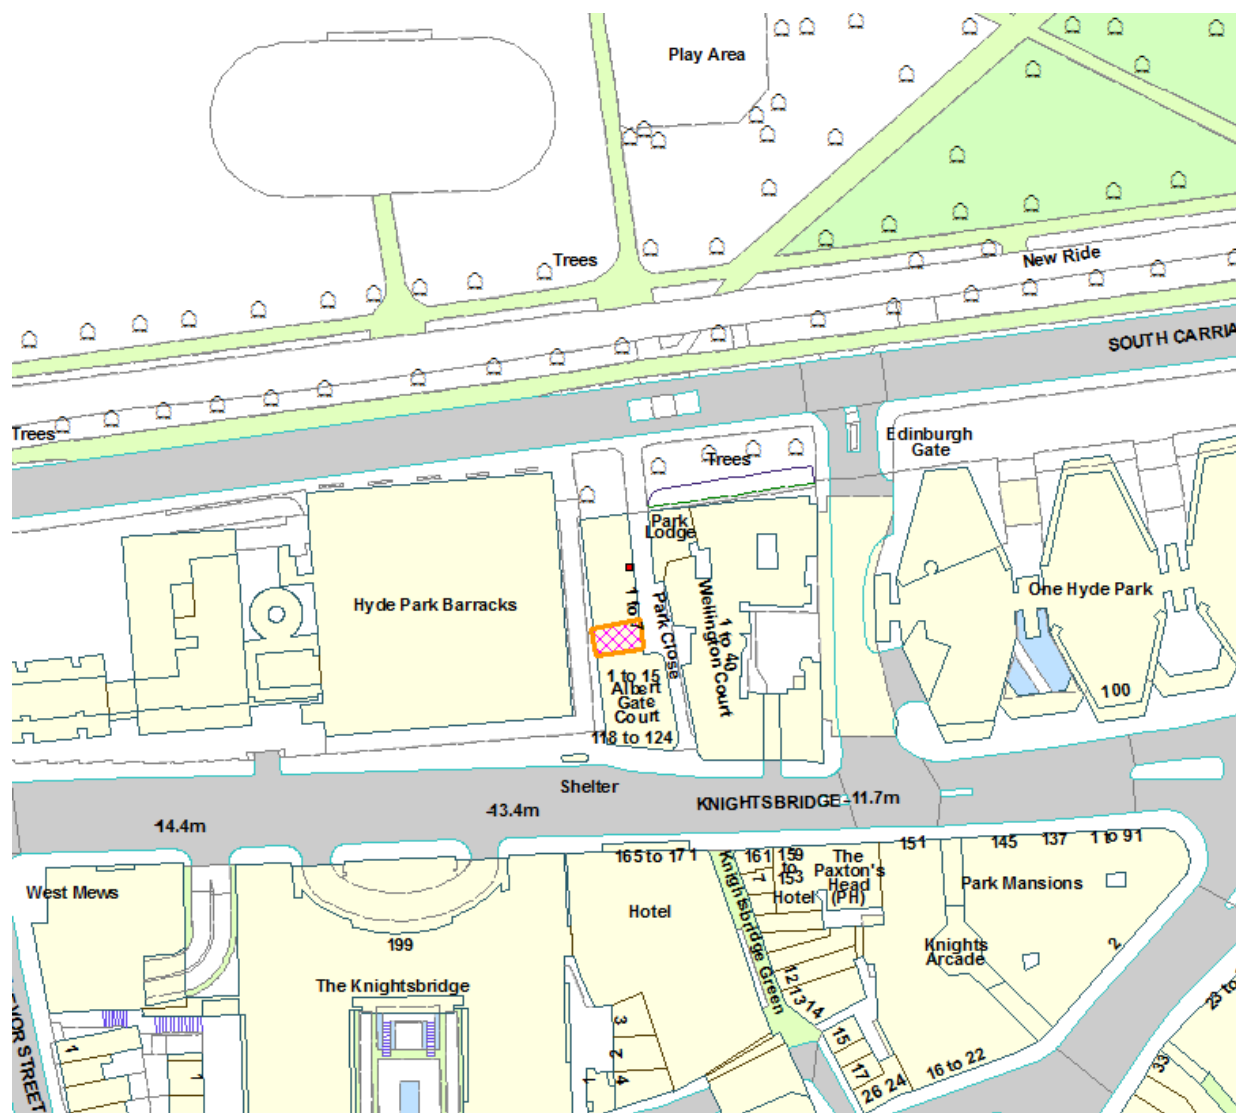

The Westminster Way Public Realm Strategy (2011) stipulates that proposals for outdoor seating should maintain a minimum clearance of 2 metres from the edge of the seating area to the limit of the pavement, and in pedestrianised streets half of the footway width should remain clear of any items (a maximum of 25% is allowed on each side). In this case, the footway is 6m wide outside 3 Park Close and the proposed tables and chairs area would be 1.2m deep, taking up 20% of the footway and reducing the clearway to 4.8m. This complies with the Westminster Way and allows sufficient space for a two-way flow of pedestrians. The Highway Planning Manager raises no objection.

The nearest residents live above the existing restaurant within Albert Gate Court and opposite within Wellington Court. Compared to the refused proposals, this application significantly reduces the number of patrons that could sit outside and the applicant has significantly curtailed the proposed hours of use, as outlined above. The continued concerns raised by neighbours regarding noise disturbance despite these changes is understood, particularly given the passageway is narrow. On balance however, given only six patrons would be able to dine outside at any one time and given the limited hours they would there, it is not considered that the proposal would create an increase in noise disturbance by a degree that would justify refusal. A condition is recommended to ensure the use be limited to a temporary one year period. This would allow the circumstances to be reviewed in future. The hours of use are also to be ensured by condition.

Objectors have raised concern that items would be left out in the passageway and therefore obstruct it, including in the event of an emergency. A condition is recommended to ensure the applicant puts the tables and chairs inside when not in use which would prevent this. Concern is also raised regarding smoking. Whilst diners may be able to smoke, it is unlikely to create such a nuisance or impact on air quality to be sufficient to justify refusing permission. Further concern is raised regarding waste storage and cleansing. The proposal would not alter the refuse arrangements of the restaurant and the external tables and tables would be serviced in the same manner as the internal covers. The Cleansing Manager has raised no objection to the proposal.

In design terms, the proposed furniture is considered acceptable in appearance and will not harm the character and appearance of the Albert Gate Conservation Area.

For the above reasons, the proposal is considered to comply with Westminster Way requirements and is accordance with Policy S41 of Westminster's City Plan, TRANS 3, ENV 6, ENV 13, DES 7, DES 9, TACE 11 of the Unitary Development Plan and the Tables and Chairs SPG.

## 5. CONSULTATIONS

### KNIGHTSBRIGE ASSOCIATION:

The reduction in both the number of tables & chairs and applied for hours are welcome and were contentious issues in former applications. We have some reservations regarding noise due to the canyon effect of the location. However, should this application be granted we would ask that it be kept under review.

### KNIGHTSBRIDGE NEIGHBOURHOOD FORUM:

Any response to be reported verbally.

### CLEANSING MANGER:

No objection. A condition should be attached to ensure the tables and chairs are stored within the premises.

### HIGHWAYS PLANNING MANAGER

No objection, subject to conditions.
