

The project team is now working to a revised implementation plan as detailed below. This timeline is indicative and assumes that there are not significant objections to the Traffic Orders: –

TASK	Date
Environment & City Management Cabinet Member briefing	Feb
Phase 1 (Churchill Gardens) Signs & Lines Spec	Feb
Dedicated Project Manager in post	Feb
Creation of project team	Feb
Housing Cabinet Member briefing	Feb
Engagement with NSL regarding enforcement requirements	Feb
Cabinet Member report drafting & governance approvals	Feb
Joint CM decision on CMR	March
Parent Traffic Management Order (TMO) drafting	March
Parking Handhelds/System configuration	March
Housing informal consultation	End March
TMO formal consultation period	April
TMO objections report (dependent)	April
Notice of Making of Order	April
Orders come into effect	April
Phase1a (Churchill Gardens) enforcement commences	April
Phase1B enforcement commences	June
Phase 2 enforcement commences	August
Phase 3 enforcement commences	September

The completion dates quoted are estimated: detailed surveys of required infrastructural works are in the process of being carried out, so the current state of the signing and lining at each estate, and therefore the level of works necessary to bring them up to a standard which will enable effective enforcement, is yet to be confirmed.

The TMO consultation will take at least 4 weeks, depending on the responses received. In week 1, the notice of the proposals will be sent to emergency services, transport representative groups and residents' associations, the notice of proposals will also be published in newspapers, (the Gazette and London Gazette) and street notices will be erected across the site. In weeks 2,3 and 4 there is a 21 day statutory period for responses. At the end of the 21 day statutory consultation period the consultation report will be drafted for responses to be considered.
