Responsible Authority:	Licensing Authority
Representative:	Angela Seaward
Received:	21 June 2019

I write in relation to the application submitted for a new premises licence for 19 Slingsby Place, London, WC2E 9AB.

As a responsible authority under section 13 (4) of the Licensing Act 2003 as amended under the Police and Social Responsibility Act 2011, the Licensing Authority has considered your application in full. The Licensing Authority has concerns in relation to this application and how the premises would promote the four Licensing Objectives:

- Public Nuisance
- Prevention of Crime & Disorder
- Public Safety
- Protection of Children from harm

The application seeks the following Licensable Activities:

Sale of Alcohol

Mon to Thu: 10:00 to 23:30

Fri-Sat: 10:00 to 00:00

Sun: 12:00 to 22:30

Night Refreshment

Mon to Thu: 23:00 to 23:30

Fri to Sat: 23:00 to 00:00

Opening Hours

Mon to Sun 09:00 to 00:00

Non Standard

Hours From the end of permitted hours on New Year's Eve to the start of permitted hours on New Year's Day.

On Sundays prior to bank holidays 12:00 – 00:00

The premises is located within the West End Cumulative Impact Area and as such various policy points must be considered, namely CIP1, HRS1, RNT2 and PB2.

The Licensing Authority note that the application has been made within the Councils core hours policy for licensable activities however the opening hours match the terminal hours of Friday and Saturday night.

Paragraph 2.3.6 of the Councils statement of licensing policy states the licensing authority will consider closing times and appropriate conditions. The benefits of "winding down" periods are very widely recognised as helping to reduce crime and disorder and public nuisance. Could you advise me how the premises proposes to manage the terminal hour for licensable activities on Friday and Saturday nights bearing in mind

in that in its current form all customers would have to be off the premises at the same time.

The applicant has applied for the sale by retail of alcohol both on and off the premises within Westminster's core hours. As part of the application form, the applicant describes the proposed operation of the premises as a restaurant with ancillary bar. The Licensing Authority would encourage the applicant to provide further submissions and information as to the proposed operation for 'off sales' at the premises, and how this is intended to be operated and controlled to ensure that there is no adverse impact within the West End.

Cumulative Impact Area. Particular concern is raised to the external area of the premises where it is proposed that tables and chairs may only be used ancillary to food after 21:00. What is the proposed operation before 21:00?

The applicants have offered Model Condition 66 to cover the restaurant area only. Whilst the Licensing Authority acknowledge that the bar area is subject to a condition restricting alcohol to be sold and consumed by seated customers, concern is raised with how the ancillary bar area is to managed and operated. Could you please confirm whether the bar is intended to be operated as a holding bar (i.e customers waiting to be seated prior to being seated for a table meal) or is the bar open to the public to be accessed at any time to have a drink without being ancillary to a

meal?

The application in its current form does not entirely fit into the councils RNT2 policy due to the lack of clarity for the ancillary bar. Therefore, PB2 would apply to the ancillary bar marked in the blue hatched area and potentially the outside area of the premises before 21:00. It is the Councils policy to refuse applications in the cumulative impact area for pubs and bars.

Paragraph 2.5.3 states that the council is particularly concerned that a restaurant premises in the cumulative impact do not, even in part, come to operate as a bar.

Paragraph 2.5.23 of the Council's Statement of Licensing Policy states that it is of particular concern in Cumulative Impact Area where there had been a growth in the number of premises that primarily serve alcohol, resulting in or adding to cumulative impact. On the basis, the Licensing Authority considers that the grant of variations or new licences for pubs and bars in the cumulative impact area should be limited to exceptional circumstances.

The Licensing Authority does note however that it is the applicants intention to surrender the licence (17/04590/LIPT) should this application be granted. Although Paragraph 2.4.6 of the policy states that a potential exception to policy could be that a licence be surrendered this application is directly linked to two other applications with the surrender of one licence.

I look forward to meeting with you to discuss the concerns raised in my representation. Please could you advise me of a suitable date to visit the premises.

Please accept this as a formal representation.

19/06362/LIPN	Unit 21 Slingsby Place London WC2E 9AB
19/06367/LIPN	Unit 23 Slingsby Place London WC2E 9AB

This representation is being made by the [REDACTED]
These 3 premises have been created by combining 2 retails units with an existing A3 unit and then re-dividing them. The result is 3 units, 2 of which are at ground and first floor levels (21 and 23) and one of which is at ground and basement levels.

Whilst there are 3 separate units with different layouts and numbers of covers the proposed operating schedules for each are same and so we are making a single representation which covers all 3 applications.

The [REDACTED] view is that the licenses requested will, if granted without any changes and additional conditions harm the Licensing Objective of the Prevention of Public Nuisance.

Ancillary Bar Use

All 3 licences are for restaurant use with ancillary bar use. The bar use is for seated customers only and the seats in these areas shown on the plan is as follows:

Unit 19 7 on ground floor

Unit 21 6 on ground floor, 12 on external terrace (until 21:00)

Unit 23 6 on ground floor, 8 on external terrace (until 21:00)

We are usually concerned about bar use because it can result in noise nuisance being generated during dispersal. In this case the number of seats is limited but whilst all sales must take place to seated customers the layout is "indicative" and so could be used more intensively than implied by these figures. We would like the capacity for non-ancillary alcohol to be limited to be limited in the conditions to similar numbers to these. We suggest 8 internally in each unit with the external capacities as listed above.

Deliveries

There are proposed conditions which limit deliveries to 07:00-23:00. There is a planning condition (#5 on 18/10789/FULL) for the development which restricts deliveries to 07:30-10:30 Monday to Saturday with no deliveries permitted on Sunday. This is "to protect the environment of people in neighbouring properties" ie to prevent public nuisance to residents. We believe that it is appropriate that these times are reflected in the Licensing condition. We are aware that Planning and Licensing are separate regimes and if this is not imposed we would ask that instead the Licensing Condition restricts deliveries to 07:30-18:00 Monday to Saturday and 10:00-18:00 on Sunday with a requirement that all deliveries take place from within the Courtyard (as is also required by Planning). The applicant would still need to comply with the Planning condition unless they apply to modify this.

Waste Management

There is a proposed condition which limits waste collection and movement to 07:00-23:00, unless the Council's waste collection is at a different time to this. We see no reason for such a wide window for waste collection itself as it is limited by the Planning permission to 07:30-11:30. The building has been designed with sufficient waste storage for this.

The other part of this is the movement of waste inside the buildings in which the premises are located, especially glass. This is a noisy operation and usually takes place when the premises close. Both the movement of glass from the premises to the waste area and the placing of glass in the bins are an issue. There is no sound attenuation around the basement waste storage area and thus the noise escapes from the building and disturbs residents living in the residential building which backs onto this area.

Our view is that all movement and depositing of waste to areas outside each premises (as defined by the red-lined area) should be restricted to 09:00-21:00 each day unless this movement is made in such a way that no noise emanates which is audible in any residential buildings. This could be done by soundproofing the storage areas. We also believe that the increase in A3 floor space justifies the installation of a bottle crusher in order to reduce the volume of glass waste, although this would of course need to be enclosed in a way which prevents noise causing a nuisance.

Food Delivery Services

With a concentration of A3 uses we are concerned that there will be an increase in food delivery services. These can cause a nuisance because of the congregation of drivers/riders as well as noise from cars/motor scooters if these are used. We would ask that a condition is imposed requiring that the Licence Holder takes steps to avoid a nuisance being caused. Our proposed wording is: *If the licence holder offers the service of delivery to the customer either directly or via a delivery service, they shall ensure that specific procedures are in place and that the activity does not cause nuisance at or near to the premises.*

We hope that this representation is clear and ask that you advise us well in advance of any meeting at which this application will be discussed.

The Council in its capacity as Licensing Authority has a duty to have regard to its public sector equality duty under section 149 of the Equality Act 2010. In summary, section 149 provides that a Public Authority must, in the exercise of its functions, have due regard to the need to:
