

% of Westminster residents from each ward enrolling with WAES

The table below sets out the wards of the City of Westminster and percentages of Westminster residents from each ward which have enrolled at WAES over a two year trend. The RAG rating indicates the wards of high levels of deprivation in red, less deprived in amber and affluent in green as categorised City Profile 2018. Enrolments continue until the end of July and WAES forecast that the level of enrolments will show a steady state once the final enrolments are processed.
