Recruit London Manager at Heart of London Business Alliance

Empire House,
175 Piccadilly,
W1J 9EN

To Whom It May Concern:

Capital Arches Group Ltd have strongly supported the Recruit London initiative by offering employment opportunities to many Westminster residents across all their McDonald's Restaurants. Through our partnership we have been able to place over 33 people into employment with some very good success stories. They are very accommodating to those with mental and physical disabilities and supporting them to sustain their employment. They are also supporting individuals to develop key skills that can help them to progress in their careers. One of the candidates is currently developing her leadership skills through the management training programme with Capital Arches Group.

In addition, we have organised regular recruitment open days which has allowed candidates the ability to visit the restaurant, learn more about the company and the benefits they offer, and offer each individual opportunity to improve their interview performance. This has proven invaluable to us and those facing long-term unemployment. Capital Arches Group Ltd supported individuals with different employment obstacles to overcome their barriers and progress in their career.

We look forward to working with Capital Arches Group Ltd in the long term and I am confident they will continue to support the local community and to offer employment and career opportunities.

Yours sincerely,

Ilona Wilk
