In any case the premises will need to be inspected for Public Safety by Environmental Health prior to commencement of licensing activities.
- Any changes to the food preparation/cooking facilities will also need to be assessed in order to evaluate whether Public Nuisance may arise from cooking odour and/or noise from the operation of any plant and machinery.
- Environmental Health shall assess capacity at the premises on Public Safety considerations as well as the provision of sanitary accommodation being in line with BS6465 for any proposed capacity.
- Since the application was submitted the Council has revised its Statement of Licensing Policy which is available on the Council's website at:

One of the new requirements under the Policy is that licensed premises must demonstrate compliance with policy CH1, Protection of Children from Harm, (see page

36 of policy).

The applicant is therefore requested to contact the undersigned to discuss the above after which Environmental Health may propose additional conditions for the proposed use.

I am writing to object to the above proposed Licence Application. My reasons for objecting are as follows:

1 Location

This restaurant is in a difficult location on an increasingly busy road and very close to a dangerous 4 road junction. It is opposite and close to a large number of Victorian flats and there is residents' parking on one side of the road. I believe the extensive nature of these proposals would be very unsuitable and dangerous for a number of reasons.

2 Opening Hours

The proposed hours of opening are inappropriate for this area.

Restaurants should conform to the normal hours for this area. It is outrageous that they should suggest a closing time of 00.30 for example.

Any outside activity should be limited, as is normal, to 9.00pm.

Opening 7 days a week with the proposed extensive hours every day is not conducive either to the safety or climate of this area.

3 Alcohol

The idea of carry-out sales is not acceptable. If it is to be a restaurant, alcohol should be related to the Council's own Licence conditions.

4 Excess noise/pollution/litter

There is a lot of activity at many times during the day and this is a rather tight road and the effect of more traffic from deliveries, take-away vehicles and together with movement in and out of the restaurant would surely be unacceptable for residents in St. Andrew's Mansions and local flats and houses.

Pollution related to an increase in activity and increased used of scooters and vans cannot be good for air quality.

Litter is also likely to be a problem in what is a very narrow street.

5 Downstairs bar facility

I am strongly opposed to the opening of a bar downstairs which will create a market for late night drinking, and I do not consider that it is an appropriate location for such activity in this residential area.

6 Music

Unless it is very carefully controlled the use of music, with doors opening constantly, will be a real nuisance in terms of noise.

I realise that there is permission for a restaurant in this location but I think this proposal is excessive and inappropriate and does not give enough attention and respect to the fact that this is a residential area in close proximity and needs very careful control of hours and activity.

For these reasons, I oppose the Application.

I live with my husband, [REDACTED], in a flat on the corner of [REDACTED]. We strongly object to this licence being granted. The late hours are way beyond any thing that is suitable for a quiet residential area and could create a disturbing precedent. We believe that this late licence could cause considerable nuisance to those of us who live nearby. People leaving the premises that late would cause unwelcome noise, either from talking loudly in the street (as already happens in this area) from taxis arriving and departing (there are very few parking spaces) and general disturbance.

We would urge you to reject this application.

We wish to object to this application on grounds that the proposed closing times of 00.30 hours Mon to Sat (incl) and midnight on a Sunday) are FAR too late for a residential area such as this. Further, the proposed closing times are considerably later than closing times already granted to other licensed premises in the area.

If these hours are permitted there is a very real risk of disturbance to near neighbours, such as ourselves, arising out of customers coming and going through the entrance of the restaurant late at night.

Further we know, from current experience during the Covid 19 pandemic, that use of food delivery couriers and the like creates additional nuisance due to drivers/motor cyclists waiting around the environs of premises waiting for their deliveries. I have in mind the regular and continuing congregation of motor cyclists in Porter St, adjacent to various food outlets on Baker St. One would expect that off sales from the applicant's premises, for pick up by food delivery couriers, would be taking place.

We are a family of 4 living on the corner of [REDACTED]. Our children are 17 and 14. I am writing you due to the near location of the proposed new premises. We would like to object to this application on the grounds that the proposed closing times of 00.30 hours. All restaurants, bars in the area have an earlier closing time which corresponds to the residential character of the area and the narrow streets and physical closeness of the buildings.

Please consider to harmonize the proposed opening hours for the new premises with the neighbouring restaurants , bars.

Address and/or Residents Association:	Marylebone Association
Received:	20 February 2021

THIS REPRESENTATION is made by the Marylebone Association, which is recognised by Westminster as the Amenity Society for the Marylebone Area south of Marylebone Road and so represents the interests of those who live and work in this area.

We are writing on behalf of the local community OBJECTING to the application by Koj Lease Limited 20/11119/LIPN: 43 Chiltern Street.

We believe that the application as submitted will likely contravene the Licencing Objectives. In particular the proposal to remain open beyond Core Hours will likely lead to an increase in noise disturbance in contravention of PN1.

The premises have been a restaurant for many years. It appeared quiet largely due to it being very small with diners on the ground floor served by a kitchen in the basement. The new application appears to increase the number of patrons by utilising the lower ground floor and the rear open space and to change the operation somewhat with a bar in the lower ground although capacity in the proposed conditions has yet to be determined.

Conditions 13 to 15 are confusing. Clearly Condition 13 implies a restaurant condition for the ground floor but not necessarily on the lower ground. Condition 14, following straight on from 13 as it does, becomes ambiguous. Is alcohol service by waiter throughout the premises?

Condition 15 stating that substantial food is available throughout does not imply that alcohol is ancillary to a substantial meal on the lower ground floor. Consequently it would seem that the lower ground floor will be operated as a bar, possibly, but not certainly, with waiter service only and with or without food.

The reason why we labour the points above is because of the location of the restaurant. This section of Chiltern Street is entirely residential with St Andrews Mansions on the east side and a series of shops with apartments above on the west side.

This bar would be part of that parade. The street is rather narrow and very susceptible to noise as it is like a brick canyon 4 storey tall within which sound echoes tremendously due to this construction. There are dozens of bedrooms overlooking the street from both sides and we believe that it is inevitable that patrons leaving a bar at night will undoubtedly create a severe noise nuisance due to this configuration and the acoustically inhospitable building materials. The next licenced premises on this stretch is Il Blandfords 60 metres away close to the junction with Paddington Street and opposite the new Chiltern Place Tower and where, if noise were generated, the sound would more easily be modulated due to the openness of the area. Il Blandfords closes at 22:30 Monday to Friday and 23:30 Saturday.

The application is being made for opening hours beyond Policy CH1. In the absence of any more details as to the operation of the establishment it would appear that this is going to be more than a restaurant and consequently alcohol may be a larger part of the proposition. Even if alcohol is limited to patrons consuming a substantial meal the probable noise nuisance of customers departure will always be in danger of being exaggerated in this particular location and this will inevitably mean that Policy PN1 will be contravened.

Consequently, we urge the Committee to reject this application as currently drafted.

As a Marylebone High Street Ward Councillor I object to this application on the grounds that it does not promote the Licensing Objectives, namely: the prevention of public nuisance and the prevention of crime and disorder.

Marylebone is highly residential and particularly Chiltern Street and the surrounding streets.

I entirely support the Marylebone Association's comments which I wont reiterate.

Whilst completely appreciative of the challenges facing the hospitality sector it is always a question of balancing the fact the Westminster does have almost a quarter of a million residents and supporting businesses and the economy, however as mentioned Marylebone has a number of residents in this vicinity.

I would therefore urge the committee not to grant beyond Core Hours and address the points raised by the by the Marylebone Association.

Thank you for your consideration.

I live on [REDACTED].

Whilst we do not object to a new and, we hope, well run restaurant taking over at no 43, I have serious concerns about the impact that the proposed late license hours would have on the noise levels in the street, to the detriment of the local residents.

43 Chiltern Street is on a corner that is very predominantly residential, both on Dorset Street and Chiltern Street, and with residential flats above and opposite the applicant premises. It is a quiet residential corner, unlike Blandford Street and Paddington Street, both of which have considerably more traffic.

We submit that it would be most appropriate for the application to be dealt with in a similar way to these hours, as a maximum:

- Wulf & Lamb, which is also on Chiltern Street just a short way north of the applicant premises
- Retail alcohol finishes at 23.00 Mon - Thurs; at 23.30 Friday and Sat; and 22.30 Sunday.
- Late night refreshment hours finish at 23.30 and no licensed hours on Sunday

- Il Barreto on Blandford Street
- Retail alcohol finish at 23.00 Mon - Sat; and 22.30 Sunday.
- Late night refreshment hours finish at 23.30 and no licensed hours on Sunday

- Ana Capri and Acacus just around the corner from the applicant on Dorset Street, and Il Blandford's opposite Wulf & Lamb, (older licences I believe) all have retail alcohol hours which

finish earlier than this application.

Later hours, particularly for off sales, will detract significantly from the local amenity of the many residents.

3. Policy & Guidance

Westminster City Council has adopted a revised Statement of Licensing Policy that became operative from 7 January 2021. This application was applied for on 30 November 2020. At the time of submission, the Council's Statement of Licensing Policy 2016 was applied to this application. However, the Licensing Service has outlined below the policy considerations necessary for this application in accordance with the revised policy which will be effective when this application is determined on 20 May 2021

The following policies within the City of Westminster Statement of Licensing Policy apply:

Policy HRS1 applies

A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy. B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:

1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm.
2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation.
3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed.
4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises.
5. The proposed hours when any music, including incidental music, will be played.
6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises.
7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity.
8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night.
9. The capacity of the premises.
10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.
11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.
12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.

	<p>13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.</p> <p>14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. Non-specific days are expected to be covered by Temporary Event Notices or variation applications.</p> <p>The premises trade as a theatre. The core hours specified for this premises use are as follows: Monday to Sunday: 9am to 12am</p>
<p>Policy RTN1 applies</p>	<p>A. Applications outside the West End Cumulative Impact Zone will generally be granted subject to:</p> <ol style="list-style-type: none"> 1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1. 2. The hours for licensable activities being within the council's Core Hours Policy HRS1. 3. The applicant has taken account of the Special Consideration Zones Policy SCZ1 if the premises are located within a designated zone. 4. The application and operation of the venue meeting the definition of a restaurant as per Clause C. <p>B. Applications inside the West End Cumulative Impact Zone will generally be granted subject to:</p> <ol style="list-style-type: none"> 1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1. 2. The hours for licensable activities are within the council's Core Hours Policy HRS1. 3. The applicant has demonstrated that they will not add to cumulative impact within the Cumulative Impact Zone. 4. The application and operation of the venue meeting the definition of a restaurant as per Clause C. <p>C. For the purposes of this policy a restaurant is defined as:</p> <ol style="list-style-type: none"> 1. A premises in which customers are shown to their table or the customer will select a table themselves to which food is either served to them or they have collected themselves. 2. Which provide food in the form of substantial table meals that are prepared on the premises and are served and consumed at a table. 3. Which do not provide any takeaway service of food and/or drink for immediate consumption. 4. Where alcohol shall not be sold, supplied, or consumed on the premises otherwise than to persons who are bona fide taking substantial table meals and provided always that the consumption of alcohol by such persons is ancillary to taking such meals. 5. The sale and consumption of alcohol prior to such meals may be in a bar area but must also be ancillary to the taking of such meal

4. Equality Implications

The Council in its capacity as Licensing Authority has a duty to have regard to its public sector equality duty under section 149 of the Equality Act 2010. In summary, section 149 provides that a Public Authority must, in the exercise of its functions, have due regard to the need to:

- (a) eliminate discrimination harassment, victimisation and any other conduct that is prohibited by or under this Act;
- (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
- (c) foster good relations between persons who share a relevant protected characteristics and persons who do not share it.

Section 149 (7) of the Equality Act 2010 defines the relevant protected characteristics as age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation

Mayha - Beirut

For this unique Japanese restaurant serving an exclusive "Omakasé" experience we have decided to take a closer look at Japanese food culture, materials, and aesthetics, stripping them back to their purest form.

The notion of "Omakasé" translates as "respectfully leaving the decision with the Chef", and this recalls the experience of anatomy theatres and laboratories, in which a single individual stages a performance for a group, in turn leading us to conceive of "Mayha" as a stage set for the Chef's performance.

Within the constraints of the small 50m2 space, a single custom-designed curved stone table encircles the cooking station, allowing each customer to fully observe and immerse themselves in the Chef's movements.

This inherent trust in the Chef's choice is paralleled by a complete visibility of all the elements that take part in the cooking and dining experience. Inspired by the meticulous organization, classification, and arrangement displays typical of Japanese art and culture, the backdrop of both chef and customers are full ceiling height shelves on which crockery, cutlery and ingredients are carefully curated and displayed.

In keeping with the traditional construction of kitchens, the shelves are built in stainless steel, contrasting with the delicate and unique artifacts they hold.

In this way the restaurant itself becomes the stage for the Chef, with the customers an innate part of this dining theatre.

Executive chef

Chef Shinya Ikeda entered the culinary world at the age of 15 and has been a professional itamae for more than half of his entire life time. As well as his mastery of sushi, Ikeda is a long time disciple of kaiseki, Japan's most intricate and respected form of culinary art.

In 2002, Ikeda wanted to challenge himself further and decided to work in the UK; his goal was simple, to offer his customers authentic and delicious Japanese food - outside of Japan. He worked at the prestigious 'Yumi Restaurant' and despite his young age, Ikeda became promoted to Head Chef in no time at all; his exceptional talents and his charismatic personality were recognised and valued by his colleagues and his customers. It was indeed here that the concept for his own restaurant, 'Without Soy Sauce' was born.

In October 2010, together with his close friend Mineno, opened their first restaurant, 'Yashin Sushi & Bar' in High Street Kensington. Following the success of Yashin Sushi & Bar, in September 2013 the pair opened their latest venture in South Kensington, Yashin Ocean House centred around a head to tail dining concept.

He is now executive chef at Mayha Beirut, where he curates the menu on a seasonal basis and travels frequently from London to Beirut for special omakase experiences.
