<p>I am writing with reference to the above application for which I am in receipt of. The premises is located within the Cumulative Impact Area and it is our belief that the changes applied for will have a negative impact on Crime and disorder. Therefore the Metropolitan Police as a responsible authority are making a representation against this application.</p> <p>The changes of greatest concern are those applied to increase the hours of sale for take away alcohol and late night refreshment. Premises offering late night refreshment as takeaway particularly those that are open later than the surrounding bars and or other fast food restaurants, this will lead to an increase of footfall in the area and with the addition of intoxication this can increase crime and disorder. The most common crimes being those of Theft, Robbery and Assault. Whilst I appreciate consideration has been taken to amend the need for SIA staff, this will not suffice for the impact caused by take away sales.</p> <p>Therefore I am proposing that Condition 43 remains on the licence.</p> <p>Please let me know if you would like to discuss this further.</p>

<p>I refer to the application to vary the Premises Licence for the above premises which is located in the West End Cumulative Impact Zone (WECIZ)</p>	

The applicant is seeking the following:

1. Extend the sale of alcohol, late night refreshment and opening hours from midnight to 1am Thursday, Friday and Saturday with consequent changes to conditions as follows:

- Condition 42 to read; "On Thursdays, Fridays and Saturdays, from 22:00 until close, there shall be a minimum of 1 SIA door supervisor on duty at the premises. They shall wear either a high visibility yellow jacket or vest"
- Remove existing condition 43
- Condition 44 to read " to "There shall be no supply of alcohol for consumption off the premises after 23:30 hours Monday to Wed, 00.30 Thurs to Sat and 23:30 on Sunday "

I wish to make the following representations based on the plans and operating schedule submitted:

1. The extension in hours for the licensable activities sought and subsequent changes to conditions may have the effect of increasing Public Nuisance in the WECIZ.

Environmental Health also makes the following comments:

- The extension in hours sought go further beyond 'core' hours and insufficient mitigation has been provided to take account of the fact that the premises is located in the WECIZ
- The changes in conditions are insufficient to allay Environmental Health concerns and particular concern is registered for the removal of condition 43
- The Council revised its Statement of Licensing Policy earlier this year. One of the new requirements under the Policy is that greater emphasis has been placed on licensed premises demonstrating compliance with policy CH1, Protection of Children from Harm, (see page 36 of policy)

The applicant is requested to contact the undersigned to discuss the above issues and arrange a site visit after which Environmental Health may propose additional conditions

I write in relation to the application submitted for a variation of the premises licence for Basement To Second Floor, 138 Shaftesbury Avenue, London, WC2H 8HB

As a responsible authority under section 13 (4) of the Licensing Act 2003 as amended under the Police and Social Responsibility Act 2011, the Licensing Authority have considered your application in full. The Licensing Authority has concerns in relation to this application and how the premises would promote the four Licensing Objectives:

Public Nuisance

Prevention of Crime & Disorder

Public Safety

Protection of children from harm

The application seeks the following variations:

(1) extend the sale of alcohol, late night refreshment and opening hours from midnight to 1am

Thursday Friday and Saturday. NO changes on other days

(2) vary existing condition 42. from "On Fridays and Saturdays, from 22:00 until close, there shall be a minimum of 1 SIA door supervisor on duty at the premises. They shall wear either a high visibility yellow jacket or vest." to "On Thursdays, Fridays and Saturdays, from 22:00 until close, there shall be a minimum of 1 SIA door supervisor on duty at the premises. They shall wear either a high visibility yellow jacket or vest."

(3) remove existing condition 43 - There shall be no sales of hot food or hot drink for consumption off the premises after 23.30 hours.

(4) vary existing condition 44. from "There shall be no supply of alcohol for consumption off the premises after 23:00 hours Monday to Saturday and 22:30 on Sunday " to "There shall be no supply of alcohol for consumption off the premises after 23:30 hours Monday to Wed, 00.30 Thurs to Sat and 23:30 on Sunday "

The premises is located within the West End Cumulative Impact Area and as such various policy points must be considered, namely HSR1, RTN1 and CIP1.

Policy CIP1 states:

A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:

1. Vary the hours within Core Hours under Policy HRS1, and/or
2. Vary the licence to reduce the overall capacity of the premises.

C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.

D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.

Policy RTN1(B) states:

B. Applications inside the West End Cumulative Impact Zone will generally be granted subject to:

1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1.
2. The hours for licensable activities are within the council's Core Hours Policy HRS1.
3. The applicant has demonstrated that they will not add to cumulative impact within the Cumulative Impact Zone.
4. The application and operation of the venue meeting the definition of a restaurant as per Clause C.

C. For the purposes of this policy a restaurant is defined as:

1. A premises in which customers are shown to their table or the customer will select a table themselves to which food is either served to them or they have collected themselves.
2. Which provide food in the form of substantial table meals that are prepared on the premises and are served and consumed at a table.
3. Which do not provide any takeaway service of food and/or drink for immediate consumption.
4. Where alcohol shall not be sold, supplied, or consumed on the premises otherwise than to persons who are bona fide taking substantial table meals and provided always that the consumption of alcohol by such persons is ancillary to taking such meals.
5. The sale and consumption of alcohol prior to such meals may be in a bar area but must also be ancillary to the taking of such meal.

Policy HRS1 (C) (8) states that the core hours for restaurants are:

Monday to Thursday: 9am to 11.30pm.

Friday and Saturday: 9am to 12am.

Sunday: 9am to 22.30pm.

Sundays immediately prior to a bank holiday: 9am to 12am

HRS1 (D) states: Core hours are when customers are permitted to be on the premises and therefore the maximum opening hours permitted will be to the same start and terminal hours for each of the days where licensable activity is permitted

The applicant is seeking to vary the hours outside of core hours in the West end cumulative impact zone, therefore the Licensing Authority encourage the applicant to provide submissions on how this will not add to cumulative impact in the West End Cumulative Impact.

The Licensing Authority has concerns over the removal of condition 43 below and encourages the applicant to provide further submissions on how this will be operated and controlled to have no adverse impact on the cumulative impact area.

43. There shall be no sales of hot food or hot drink for consumption off the premises after 23.30 hours.

Paragraph F101 states; Fast food premises provide late night refreshment either by way of take-away food for immediate consumption, or fast food on a counter or self-seating basis. These types of premises are in general more likely than restaurants (as defined in this section) to lead to people remaining on the streets of the West End Cumulative Impact Zone or returning rapidly to those streets. If no fast food premises were available people would be more inclined to disperse, and in retaining people until a later hour these fast food premises undermine the objective of timely dispersal. Late at night, it is likely that they would be attractive to persons who have been drinking elsewhere.

The Licensing Authority considers that seeking to minimize the number of people on the street late at night, through rapid dispersal, especially those who have been drinking, is fundamental to promoting the licensing objectives of the prevention of crime and disorder, public nuisance, and public safety. The Licensing Authority comes to this view notwithstanding the benefits which may be offered by well run fast food premises in terms of security, staff, CCTV, toilets, and the provision of a safe environment in which to wait until transport is available. These aspects have been considered by the council but are outweighed by the need for more rapid dispersal from the area in order to promote the licensing objectives.

The Licensing Authority's policies, in relation to the Cumulative Impact Areas, are directed at the global and cumulative effects of licences on the area as a whole. The Licensing Authority encourages the applicant to provide further submissions as to how the extension in hours and removal of condition 43 will not add to cumulative impact in the West End cumulative impact area, as per policy CIP1 and RNT1.

The Licensing Authority looks forward to receiving further submissions from the applicant in due course.

Please accept this as a formal representation.

Condition 43: there shall be no sales of hot food or hot drink or consumption off the premises after 23.30 hours.

The Soho Society's position

The application: this 'restaurant' / fast food premises is situated in very close proximity to Soho and has applied to extend its alcohol licence on Thursday to Saturday by 1 hour from 12pm to 1am. It also proposes to vary condition 44 which would facilitate the supply of food and alcohol off the premises on Mon - Weds by 30 minutes to 11.30pm, Thurs - Sat by 1.5 hours to 1am, and Sunday 1 hour to 11.30pm.

These premises on the junction with Cambridge Circus, Charing Cross Road, Shaftesbury Avenue and Soho is in an area already known for its high level of crime and public nuisance. The proposed extension to its licence, with a capacity of 120 people and a takeaway offer for immediate consumption will increase these levels and have a detrimental impact on residents living on Charing Cross Road, Shaftesbury Avenue and in Soho. We therefore object to this application as it will fail to promote the licensing objectives and increase cumulative impact in the West End CIZ.

Night time economy: Soho is at the forefront of the late-night economy in Westminster with its

numerous restaurants, bars and entertainment establishments. The area is already densely populated at night with people drinking on the street, creating loud levels of noise, causing disturbance and anti-social behaviour. In Soho between **01:00 - 06:00 there are 114 licensed premises for the sale of alcohol in Soho, with a capacity of well over 20,483.**

Old Compton Street: just beyond Shaftesbury Avenue lies Old Compton St and the neighbouring Greek, Frith and Dean Streets offer a range of mixed uses including, restaurants, retail shops, bars, cafes, night clubs, pubs and residential accommodation. These streets attract large numbers of people during the daytime and even greater numbers at night due to the high number of evening and late night premises on offer. This area has the largest concentration of licensed premises in Soho, **106 in total between the hours of 00:00 - 03:30 and with a capacity of over 10,000.** A new late night restaurant / takeaway on the other side of the street will have a huge impact in this part of Soho.

Statement of Licensing Policy 2021

Reviewing the Statement of Licensing Policy, the following policies apply to this application.

Core Hours Policy HRS1: this application seeks to extend its alcohol on and off sales licence outside of core hours. When considering such applications the Council must consider the effect of later opening hours on compliance with the requirements of other policies, in particular CD1 and PN1, and also have regard to the following which are relevant in this case; residential accommodation in the proximity of the premises and its impact, and the hours of licensable premises in the vicinity.

Restaurants Policy RTN1: The Policy states, '*B. Applications inside the West End Cumulative Impact Zone will generally be granted subject to...*' and goes on to list four criteria one of which being,

3. '*The application has demonstrated that they will not add to cumulative impact within the Cumulative Impact Zone.*'

Section C provides the definition of a restaurant which includes,

3. '*Which do not provide any takeaway service or food and a drink for immediate consumption.*'

Fast Food Premises FFP1: although these premises is described as a 'restaurant' with a takeaway offer (including alcohol) the operation is more aligned to the operating model of McDonalds, counter service serving chicken and chips in disposable paper containers, in our view it meets the criteria associated with fast food premises as defined in section D,

1. '*A premises that provides late-night refreshment, either by way of fast food over a counter, via a self seating basis or takeaway for immediate consumption.*'

3. '*The food and drink are provided in pre-sealed or opened disposable packaging which is intended for immediate consumption.*'

It is policy to refuse such applications in the West End CIZ, F.30 states premises, '*....open after 11 pm can attract large groups of customers, many of whom have been consuming alcohol in pubs, bars or nightclubs sometimes some distance away. The congregation of people around these premises leads to additional noise and disturbance...*'. The Licensing Authority and Met Police are also concerned with the levels of crime and disorder outside such premises (F.31). The applicant will need to demonstrate why they are an exception to policy, we believe there is none.

Cumulative Impact Policy CIP1

This area has been identified by the Westminster City Council (Statement of Licensing Policy, 2021) as under stress because of the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public

nuisance affecting residents, visitors and other businesses.

The policies in relation to the stress areas are directed at the global and cumulative effects of licences on the area as a whole (D16. of the policy). The policy provides a presumption to refuse pubs and bars, music and dance venues and fast food premises, the policies are intended to be strict and will only be overridden in genuinely exceptional circumstances (D.11 of the policy). The growth in the number of licensed premises in Soho has led to a marked deterioration in the quality of life and well-being of local residents and it has jeopardised the sustainability of the community. Soho has a substantial residential community and many of these residents suffer from problems such as, but not limited to, high levels of noise nuisance, problems with waste, urinating and defecating in the streets, threats to public safety, anti-social behaviour, crime and disorder and the change in character of this historic area. Any addition to the number of people on the streets late at night will increase cumulative impact in the West End Cumulative Impact Zone.

The Licensing Objectives

In our view this application will fail to promote the following licensing objectives.

Prevention of Crime and Disorder

The recently published Westminster City Council Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1 which includes Soho, ***it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average.*** It goes on to detail the number and types of crimes in the West End as presented below.

- **Public realm crimes:** (serious violence, robberies, theft and drug offences), alcohol-related callouts incidents, anti-social behaviour and demands on services were prevalent in Westminster between 2017 and 2019, among the highest in London and the country. All incidents observed concentrated in the West End many occurring in the evening and at night as well as weekends.
- **Total incident type 2017-2019:** serious violent crimes Night, 795 - proportion of Borough's incidents (31%). Robberies Night, 2237 (33%). Theft and Handling Night, 24,407 (33%). Drug Offences Night, 1529 (40%). Noise Complaints Night, 1389 (16%). Reactive Waste Management, 6630 (10%). Ambulance call outs to locations of licensed premises, 5353 (22%). Anti-Social behaviour on transport Night, 592 (13%), Anti-Social behaviour MPS, 9662 (16%). Total = 50,594.
- **Data description of incidents in 2017-2019** found all incident categories observed varied both in space and time. Many occurred in the evening and at night and on weekends when alcohol related activities typically peak. Incidents were primarily concentrated in the West End where licensed premises are disproportionately concentrated.
- **Robberies:** clustered within the West End, Charing Cross, Oxford Street in the evening and night.
- **Serious violent crimes:** recorded between **6pm and 6am** concentrated overwhelmingly in the West End.
- **Drug related crimes:** Westminster recorded the highest volume of drug offences of any borough between 2017-2019. Half of crimes were reported (48%) in the evening and night time. Drug related crimes between **6pm - 6am** were significantly clustered in and around the west end to varying degrees.
- **Theft and Handling:** most common crime type in the borough, in the evening and night they are particularly concentrated in the West End and along Oxford Street.

Comparing crime statistics in and around Old Compton St between September 2019 to

February 2020 shows high levels of crimes in this small area of Soho,

Old Compton St: Robbery= 19. Theft person = 162. Violence with injury = 47. All crime = 429.

Dean St : Robbery = 12. Theft person = 57. Violence with injury = 30. All crime = 280.

Greek St : Robbery = 12. Theft person = 76. Violence with injury = 33. All crime = 244

Frith St : Robbery = 13. Theft person = 46. Violence with injury = 23. All crime = 143.

Criminal activity is not limited to these types of crimes at night, these streets and especially Old Compton St also attracts drug dealers who are in the area targeting people as they leave premises, there are more dealers in the area at night than during the daytime, this is linked to the large number of late night venues which in turn creates the drug market.

The CIA 2020 highlights the rise in crime late at night, people already intoxicated will be drawn to these premises from other pubs and bars in the area on the search of late night food, with a capacity of 120 there is a real prospect of people becoming victims of crime as they leave these premises, the same also applies to those buying off sales of food and alcohol.

We have provided evidence of the high levels of crime in the area. We believe if the application is granted it will increase the level of crime and disorder.

Prevention of Public Nuisance

There are a significant number of residential properties in this area and residents already suffer from noise disturbance and antisocial behaviour from the huge number of licensed premises. This area attracts large numbers of people on a night out either eating or drinking in the numerous premises or just walking through and hanging around, it is an extremely busy and noisy place late at night attracting pedicabs playing very loud music, intoxicated people shouting and screaming and without public toilets the streets and private doorways become the outdoor toilets.

We are in no doubt patrons from these premises will enter Soho searching for more entertainment, adding to the existing noise and disturbance suffered by residents living on these streets. If granted this application will result in a further reduction in residential amenity.

Conclusion

The application proposes to extend its on and off sales licence in an area already saturated with late night licences. If granted these premises will fail to promote the licensing objectives and increase cumulative impact in the West End Cumulative Impact Zone. We respectfully request this application is rejected.

Please do not hesitate to contact us if you require any further information.

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:

Policy HSR1 applies	A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy. B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following: 1. The demonstration of compliance in the requirements of policies
----------------------------	---

	<p>CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm.</p> <p>2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation.</p> <p>3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed.</p> <p>4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises.</p> <p>5. The proposed hours when any music, including incidental music, will be played.</p> <p>6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises.</p> <p>7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity.</p> <p>8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night.</p> <p>9. The capacity of the premises.</p> <p>10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.</p> <p>11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.</p> <p>12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.</p> <p>13. Wingstop

This is a chain of restaurants where the sole focus is on the flavour of chicken wings. The restaurant chain was founded in 1994 in Garland, Texas and their headquarters are in Dallas, Texas.

1997 saw the opening of their first franchised Wingstop location and by 2002 they had served the world one billion wings. Its' flavour that defines them and has made Wingstop one of the fastest growing brands in the restaurant industry attracting top entrepreneurs and operators with the drive and passion to own their own business.

There are more than 1,000 restaurants open across the United States, Mexico, Singapore, the Philippines, Indonesia, and the United Arab Emirates. This restaurant on Shaftesbury Avenue is the flagship for the UK and has been operating for almost 6 months.

The Food

Wingstop is the destination when you crave fresh (never faked) wings, hand-cut seasoned fries and any of their famous sides. It is for people who demand flavour in everything they do because it's more than a meal, it's a flavour experience. The average spend per person is around £15.

The Location

The restaurant is located on the corner of Shaftesbury Avenue and Charing Cross Road, at Cambridge Circus. The unit was previously occupied by HSBC bank and comprises basement, ground, first and second floors, with a total floor area of 395.6sqm.

The restaurant is be laid out with the kitchen and a seating area at ground floor level and an accessible WC, the main seating area and customer toilets at first floor level and ancillary storage and staff facilities at basement level.

Transport Links

The site is well served by a variety of modes of public transport including many 24hr bus services and three nearby underground stations; namely Charing Cross Road, Tottenham Court Road and Leicester Square Station which all provide 24 hour tube services on weekends.

The area surrounding the premises is predominantly commercial with a number of similar premises within a few yards of Wingstop. The management and staff at Wingstop have developed good working relationships with a number of local businesses, of which several businesses have taken the time to provide letters in support of our variation; which are included in the licensing hearing report.

Waste Management

Wingstop have allocated an area of the ground floor as a bin storage area to accommodate wheelie bins for storage of waste and recycling.

All waste and recycling is collected on a daily basis by a private waste service provider or by the Local Authority.

Amendments to Application

The applicant had applied for extended hours for off sales of alcohol and late night refreshment at the premises, and the removal of condition 43 of the licence.

These amendments to the licence are no longer sought, having read the representations.

The variation application is therefore limited to extending the hours for alcohol, late night refreshment and opening hours from midnight to 1am Thursday, Friday and Saturday. No changes are sought for the other days of the week.

Following on from this, condition 42 would be amended so security was also provided on Thursday as per the application form.

The operation would therefore be restricted to condition 10 on the existing licence which reads:

The sale of alcohol for consumption on the premises shall only be to persons purchasing a substantial table meal there and as an ancillary to that meal, which is to be eaten seated at a table or counter in the premises.

The premises will also add to its conditions the following condition:

A copy of the premises' dispersal policy shall be made readily available at the premises for inspection by a Police officer and/or an authorised officer of Westminster City Council.

We confirm that the average customer must wait between 8 and 12 minutes for their order to be ready as the food is freshly prepared dependant on the flavours ordered. In turn, we feel Wingstop does not operate as a fast food premises and therefore should not be associated with the cumulative impact often caused by such venues.

The premises is located on the Cambridge Circus junction and surrounded by a number of premises operating to a similar concept and to a later hour. The premises benefits from not having residents as neighbours therefore any concerns with operations later in the evening impacting on local residents is minimized.

CGCA Document supporting Soho Society Representation**Application No.: 21/07770/LIPV****Premises: Wingstop****Address: 138 Shaftesbury Avenue London WC2H 8HB**

This document is being provided by the Covent Garden Community Association (CGCA) in support of the Soho Societies Representation regarding the application by Wingstop, 138 Shaftesbury Avenue London WC2H 8HB to vary its licence (Application **21/07770/LIPV**).

The CGCA's area of interest is on the East side of Charing Cross Road. Although these premises are on the West they have an impact in the immediate vicinity. The CGCA, with the Soho Societies support, recently opposed an application to Camden for a New Late Night Refreshment Licence on the East side of Cambridge Circus (German Doner Kebab). This application was refused because of the risk of harm to the Licensing Objectives. We believe that the proposed extension of hours for Wingstop risks the same type of harm.

Application

This is an application for to vary the Licence for Wingstop. The variation seeks to make the following changes to **ending** times for Licensable Activities. There are no changes to start times

Day	Existing			Proposed		
	On Premises	Off Premises		On Premises	Off Premises	
	LNR+Alcohol	LNR	Alcohol	LNR+Alcohol	LNR	Alcohol
Mon – Wed	00:00	23:30	23:00	00:00	00:00	23:30
Thursday	00:00	23:30	23:00	01:00	01:00	00:30
Frid-Sat	00:00	23:30	23:00	01:00	01:00	00:30
Sun	00:00	23:30	22:30	00:00	00:00	23:30

These changes mean that the premises could operate an additional 3 hours per week for licensable activities on the premises and an additional 5.5 hours for the sale of hot food and 6 hours for the sale of alcohol for consumption off the premises.

The CGCA supports the Soho Society's view that the grant of a variation to allow these additional hours will fail to support the Licensing Objectives related to Public Nuisance and Crime and Disorder. Given their location in the heart of the CIZ, and next door to Camden's CIA, they already attract large numbers of customers in the late evening who make substantial amounts of noise. The customers who purchase food and drink for takeaway cause noise away from the premises in the areas where they consume their purchases, and also leave litter in those locations.

Premises Location

The premises are situated on the South-West corner of Cambridge Circus. There are significant amounts of residential property on the East side of Charing Cross Road both North and South of the

Circus which fall within the CGCA's area, even though the premises are outside this area. A map showing residential accommodation in the vicinity is given as Attachment 1. This is not complete as we are not aware of all of the location of residents in Soho, to the North-West of the Circus.

The area within 0.5 miles of the premises typically has a very high level of reported crime as illustrated in Attachment 2. In 2019 (the last full year before COVID19) this area had 38,209 reported crime, or 42% of the total reported crime in the whole of Westminster for the same period, in 9.5% of the area of the City.

Much of this crime is associated with the high number of visitors to the area, as they are attractive targets for criminals, and with the night-time economy. Both Camden and Westminster have designated this part of their respective Boroughs as Cumulative Impact Areas because of the harm to the Licensing Objectives from the large number of licensed premises in the area.

Impact on the Licensing Objectives

In considering the impact of the proposed variation on the Licensing Objectives we believe that it is appropriate to look at the different elements of the variation separately and consider each of them on its merits.

Extension of operations on the premises from 00:00-01:00 Thursday to Saturday

The premises propose to open for an additional hour on 3 nights of the week. These premises are not a traditional restaurant with waiter service etc. This is a Quick Service Restaurant (QSR), making it more similar to a McDonalds. QSR premises have a high throughput of people eating on the premises. The proposal to remain for 1 hour after core hours on Friday and Saturday and 1.5 hours later on Thursday will encourage customers to come to these premises from other parts of the CIZ, or Camden's CIA, when the pubs and bars there close, rather than dispersing from the area. This will add to the number of people in the area in the early morning, contributing to the cumulative impact from all licenced premises in the area. The fact that the customers will be eating on the premises does not make any difference, they can still cause issues in the area arriving and leaving the premises.

Later hours for food to be sold for consumption off the premises

The application proposes to remove of condition 43, which restricts the last time when food can be sold for consumption off the premises, to 23:30, 30 minutes before the premises close. This would allow consumption of food off the premises to continue for an additional 30 minutes every day, and when combined with the extension on Thursday – Saturday mentioned above for an extra 90 minutes on each of these days.

The sale of hot food for consumption off the premises retains people in the area who might otherwise have left. They also tend to find "quiet" areas in which to sit and eat their meals, whilst themselves making noise and leaving litter. This is particularly an issue in the Seven Dials area where there are large numbers of residential properties above ground floor level but plenty of locations where customers of LNR premises can sit and consume their purchases. The issue of noise and littering associated with LNR premises is noted in the SoLP as a reason for Policy FFP1.

As an illustration of this issue we attach an image in Attachment 3 of packaging and food left by customers from Wingstop. This was left a 200m walk from the premises, although within a 120m radius on the map. This illustrates the point that nuisance can be caused over a wide area from this type of premises. It also illustrates the point that nuisance in one Borough can be generated by licensed premises in another. Wingstop is in Westminster and the litter was left in Camden.

Extension of period for off-sales of alcohol

The application proposes to extend the off-sales of alcohol until 30 minutes before the premises are able to sell hot food for takeaway. This presumably is to allow customers who buy hot food during the extended period for which this may be permitted to buy alcohol to accompany this.

The sale of alcohol to people who have already been drinking, to accompany their meal to consume in the area will fail to support the Licensing Objective of the Prevention of Public Nuisance and Crime and Disorder. Until 23:00 this is permitted under the current licence. Allowing this to extend beyond this time will only lead to a higher level of alcohol consumption, most likely by people who have already been drinking. This will give rise to additional noise, littering and most likely to street urination, as the people will be away from the premises and not have access to the toilets available to those eating and drinking on the premises.

The sale of alcohol alongside takeaway food is not permitted from the more traditional restaurant after 23:00 and we can see no way in which allowing it in this case can be done whilst supporting the Licensing Objectives.

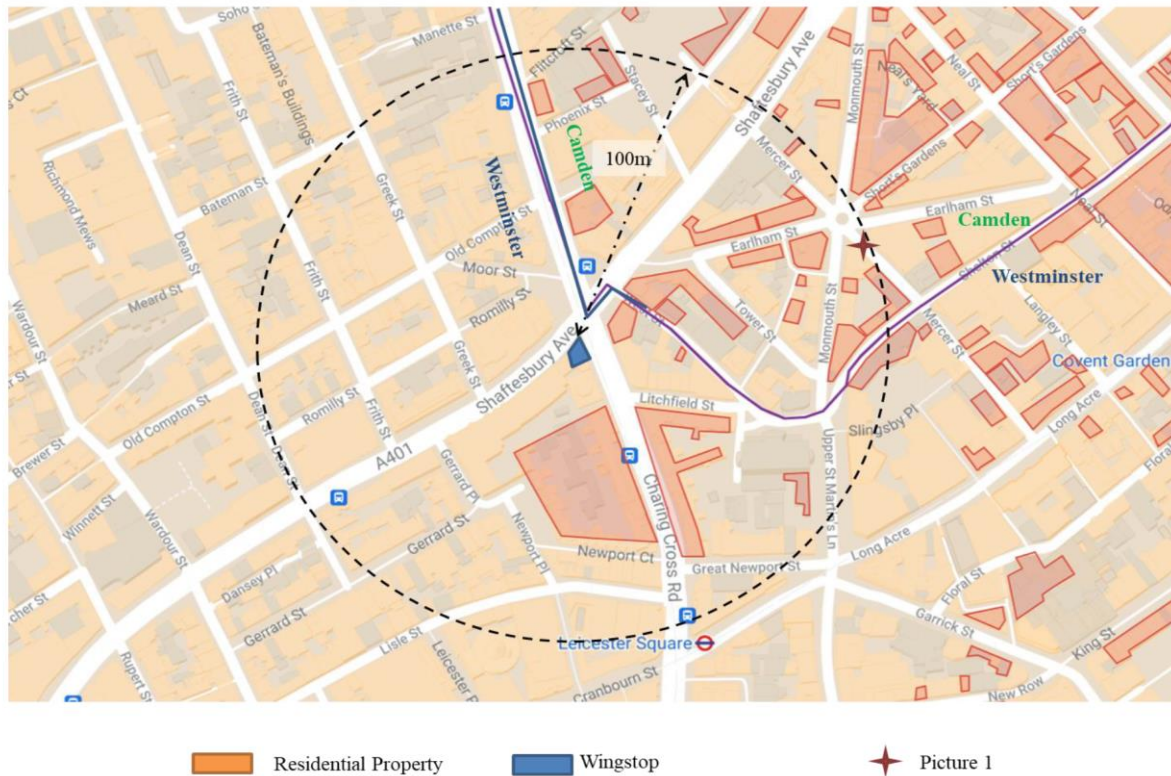

We support the Soho Society's position in this case.

Yours faithfully,

David Kaner

The CGCA is recognised by both Camden and Westminster as the Amenity Society for the Covent Garden area (defined as the area bounded by High Holborn, New Oxford Street, Charing Cross Road, St. Martin's Place, Northumberland Avenue, Victoria Embankment, Lancaster Place, Aldwych and Kingsway) and so represents the interests of those who live and work in this area. The CGCA's Licensing Subcommittee is authorised by the Association to make Representations on any Licensing Applications which the Subcommittee believes may have an effect on local residents or other members of the community through likely impact on one or more of the Licensing Objectives. This authorisation was last renewed at a meeting of the Executive Committee of the CGCA on 5th December 2017.
