The Licensing Authority note that the applicant has applied for Late Night Refreshment on Thursdays from 23:00 to 00:00 but it is noted that the terminal hour for the retail sale of alcohol and the closing time on Thursdays is 23:30. I wish to make the following representations based on the plans and operating schedule submitted:

1. Provision of Late-Night Refreshment and for the hours requested may have the effect of increasing Public Nuisance in the Area.
2. The Supply of Alcohol and for the hours requested may have the effect of increasing Public Nuisance in the Area.

Environmental Health also makes the following further comments:

- Some conditions have been offered in the operating schedule and these are under consideration as to whether they there are sufficient to allay Environmental Health concerns.
- It is unclear from the application if the premises have already been constructed for the proposed use. Nevertheless, it will need to be inspected for Public Safety by Environmental Health prior to commencement of any licensable activities.
- The food preparation/cooking facilities will also need to be assessed in order to evaluate whether Public Nuisance may arise from cooking odour and/or noise from the operation of any plant and machinery.
- The standard of the party-wall sound insulation will also need to be assessed for the prevention of internal transfer of noise through the building fabric which may affect other users within the building block.

- The provision of sanitary accommodation for a public capacity over 25 must be at least in line with the guidance set out in British Standard 6465 and, where necessary, separate facilities for staff in compliance with guidance to Food Hygiene legislation.
- The Council has recently revised its Statement of Licensing Policy which is available on the Council's website. One of the new requirements under the Policy is that licensed premises must demonstrate achieving compliance with policy CH1 (Protection of Children from Harm, see page 36 of Policy). Free advice on achieving this can be found at:

We object to the application as our house facing the street would be affected by a new restaurant with take aways customers, eating outside, noisy smokers and people leaving late night with the noise till they are gone waiting for ubers, taxis or pedicabs. Having in mind that there was a hairdresser in before and no noise was coming from there at night this new application will just add more noise for the residents in the area.

Music from inside will be heard when their main door is opening and closing and would be very annoying if it must be heard every night.

The requested opening hours are also too long. Closing hours 22:30 any day, weekend 23:00 and Sunday 22:00 would be much better for the residents. In general any operating hour later then 22:30 causes a nuisance and should be respected in new applications, as it usually takes 30 minutes to have the guests gone, as they many times continue outside and wait for their transportation. Premises should be obliged to make sure that guests are leaving the premises silent and this should be enforced as it happens many times.

Extrator fans, any kind of ventilation or air intake machines should NOT be permitted to operate longer than 22:30.

Further Submissions received on 15th February 2022

if there is any change of business use involved we strongly object anyway to keep the variety in soho and to avoid there will be only bars and restaurants in the future. it is also nice for soho to have some shops or businesses that are NOT bars and restaurants to keep a variety.

We are surrounded by far too many bars and restaurants already. We are saturated and are constantly disturbed by those businesses who don't comply with their restrictions. Of course they need to make a living but customers get intoxicated and will make a noise leaving the premises and also smoking outside. The premises in question was a hairdresser. The City plan does not allow new licences which will add to the cumulative impact which this undoubtedly will I therefore object.

We write in support of Mr Drinkwater's representation to the above application on behalf of The Soho Society.

The location

The Soho Society supports the representation from Mr. Drinkwater who lives on Old Compton Street, he presents a case against granting a new restaurant / alcohol licence in premises which use to be a hairdressers and in an area already saturated with restaurants and drinking establishments. He raises concern regarding nuisance experienced with any new licences, more noise nuisance, people leaving late at night, people smoking outside, to add a new restaurant in this area will increase nuisance and reduce residential amenity.

Moor Street is a small street which currently has 2 restaurants, 2 pubs, a hotel and a tattoo parlour it is situated off Old Compton Street there are two other notable premises on the corner of this street and Moor Street those being The Three Greyhounds public house and Slim Chickens a fast food premises. (Appendix 1 : Photographs Moor St).

Soho has a huge number of food and beverage premises with over 220 restaurants, 72 cafés, 39 bars, 46 pubs and 31 clubs (including members clubs). In the streets which surround Moor Street there are **106** licensed premises between the hours of **00:00 - 03:30**, capacity recorded on **72** licences gives a total of **10,002**. The breakdown by street below.

Old Compton Street: 31 licensed premises with a terminal hours between **00:00 - 03:30**, capacity (where recorded) for **18 premises 2,033**.

Greek Street: 23 licensed premises with a terminal hours between **00:00 - 03:30**,

capacity (where recorded) for 19 premises 3,442.

Frith Street : 23 licensed premises with a terminal hours between 00:00 - 03:30, capacity (where recorded) for 16 premises 2,022.

Dean Street : 29 licensed premises with a terminal hours between 00:00 - 03:30, capacity (where recorded) for 21 premises 2,505.

Soho is open 24 hours where alcohol is readily available any additional alcohol licence in this area will increase crime and disorder, noise nuisance and add to cumulative impact in the West End Cumulative Impact Zone.

Statement of Licensing Policy 2021

We review this applications against the following policies, Restaurant RNT1 and the Cumulative Impact Policy CIP1.

Restaurant RTN1

The policy states applications within the West End Cumulative Impact Zone will generally be granted subject to:

1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1.
4. The applicant has demonstrated that they will not add to cumulative impact within the Cumulative Impact Zone.

F128 states; ‘ *A stricter approach to restaurants within the West End Cumulative Impact Zone has been adopted due to the current cumulative impact issues as set out in the 2020 Cumulative Impact Assessment and within policy CIP1. For applicants within the Cumulative Impact Zone they must demonstrate that they will not add to cumulative impact.*’ The applicant has failed to address how they will not add to cumulative Impact.

Cumulative Impact Policy CIP1

The growth in the number of licensed premises in Soho has led to a marked deterioration in the quality of life and wellbeing of local residents and it has jeopardised the sustainability of the community. Soho has a substantial residential community and many of these residents suffer from problems such as, but not limited to, high levels of noise nuisance, problems with waste, urinating and defecating in the streets, threats to public safety, anti-social behaviour, crime and disorder and the change in character of this historic area.

This area has been identified by the Westminster City Council as under stress because the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. We find there is no justification for another licensed premises in this area, the evidence presented in the Cumulative Impact Assessment 2020 is overwhelming, it describes the high level of cumulative impact in the West End Zone between 2017-2019, the subsequent Statement of Licensing Policy 2021 Cumulative Impact Policy CIP1 states,

‘The West End Cumulative Impact Zone has been identified because the cumulative effect of the concentration of late night and drink led premises and/or night cafés has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. The extent of crime and disorder and public nuisance in the West End Cumulative Impact Zone arises from the number of people there late at night; a considerable number of them being intoxicated. Public services, including police, health and emergency, transport, environmental services (cleansing and refuse services) are placed under chronic strain by existing levels of activity, as are civic amenities and the quality of residential life. The urban infrastructure cannot sustain any further growth in licensed

premises that provide a significant risk of a variety of harmful outcomes. Over a period of three years (2017 - 2019) 45% of violent crimes, as well as over half of all robberies, thefts and drug offences in the city were recorded within West End Cumulative Impact Zone. Additionally, 43% of ambulance callouts between that same period to the locations of licensed premises fell within this zone.’ (D4)

Furthermore, the Cumulative Impact Assessment 2020 highlighted the crime rates in the WestEnd Zone 1 (p9) stating,

*‘The rate of incidents per square kilometre observed here, as well as the rate of licensed premises per square kilometre, **was approximately nine times higher than the borough’s average rate. For crimes in particular, the rate was 10 -13 times higher between 6pm - 6am compared to the borough average.**’ (our emphasis).*

This evidence supported further policy restrictions in the West End, however, the impact of COVID-19 resulted in the Licensing Authority deciding not to implement greater restrictions at this stage, but it may in the lifetime of the policy if footfall moves toward pre-March 2020 levels (D1). Soho is fully open for business and thriving, there are more people on the streets in the evening now that at pre-COVID times, in our view we have already reached 2017-2019 levels and this is further supported by recent crimes statistics which show an increase in serious crime (see the Prevention of Crime and Disorder below).

The policy has a presumption to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing, however, Section C states other premises types must demonstrate they will not add to cumulative impact, in this case the applicant has failed to provide this evidence.

Residents and residential accommodation is also an important factor, the policy states,

D23. *‘Proximity to residential accommodation is the general consideration with regard to the prevention of public nuisance.’* Also,

‘The nature of cumulative impact is that it is cumulative and affects not only the immediate vicinity of the premises, but a wider area; thus the number of people visiting the premises, the nature of licensable activities and the lateness of operations have an impact on an area as a whole, irrespective of whether or not there is residential accommodation in proximity to the premises.’

The policies in relation to the cumulative impact zone are directed at the global and cumulative effects of licences on the area as a whole (D16. of the policy), this is a new restaurant with a capacity of 30, in our view it will add to cumulative impact in an area already saturated with alcohol licences and attracting large numbers of people.

The Licensing Objectives

The Statement of Licensing Policy 2021 or Section 182 Guidance does not provide for any circumstance, including exceptional or otherwise, which would permit an application to be granted if the licensing objectives were harmed. We now consider the impact of this application on these objectives.

Prevention of Crime and Disorder - CD1

Under this Policy the criteria applied is, *‘whether the premises make or will make a significant contribution to levels of crime and disorder, and whether the operating schedule is based on an adequate risk assessment, undertaken by the applicant, which takes account of all the relevant considerations below to reduce the likelihood of crime and disorder occurring as a result of the grant of the application.’*

The recently published Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1, **it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average.** It goes on to detail the number and types of crimes in the West End,

- **Public realm crimes:** (serious violence, robberies, theft and drug offences), alcohol-related callouts incidents, anti-social behaviour and demands on services were prevalent in Westminster between 2017 and 2019, among the highest in London and the country. All incidents observed concentrated in the West End many occurring in the evening and at night as well as weekends.

Total incident type 2017-2019:

- Drug Offences Night: **1529** (proportion of Borough's incidents **40%**)
- Robberies Night: **2237 (33%)**
- Theft and Handling Night: **24,407 (33%)**
- Serious violent crimes Night: **795 (31%)**
- Noise Complaints Night: 1389 (16%)
- Anti-Social behaviour MPS: **9662 (16%)**
- Anti-Social behaviour on transport Night: **592 (13%)**
- Reactive Waste Management: **6630 (10%)**

Total = 52,594

- **Data description of incidents in 2017-2019** found all incident categories observed varied both in space and time. Many occurred in the evening and at night and on weekends when alcohol related activities typically peak. Incidents were primarily concentrated in the West End where licensed premises are disproportionately concentrated.
- **Robberies:** clustered within the West End, Charing Cross, Oxford Street in the evening and night.
- **Serious violent crimes:** recorded between **6pm and 6am** concentrated overwhelmingly in the West End.
- **Drug related crimes:** Westminster recorded the highest volume of drug offences of any borough between 2017-2019. Half of crimes were reported (48%) in the evening and night time. Drug related crimes between **6pm - 6am** were significantly clustered in and around the West End to varying degrees.
- **Theft and Handling:** the most common crime type in the borough and in the evening and night this is particularly concentrated in the West End and along Oxford Street.

These premises are situated in the heart of the food, drink and entertainment district. This area of Soho is a known hotspot for crime and disorder as evidenced by the current statistics, the top crime streets listed below provided by the Met Police shows a total of **1,827** crimes; the table below highlights Moor Street being 23 on the list with 23, however, Old Compton Street is 2nd with 231 and Greek St 1st with 239.

Violence against the person common assault: 70 up 18% (59 pre-COVID)

Drugs possession: 115 up 79% (64 pre-COVID)

Sexual offences: 34 up 70% (20 pre-COVID)

*Data provided by the Met Police

For residents living in this area the findings of the Cumulative Impact Assessment and the recent crime figures are unsurprising. Soho transforms in the evening and night-time into an area which feels very unsafe and where levels of crime and disorder are high. As evidenced above, criminal activity associated with the large number of venues and the numbers of people on the streets results in high levels of serious crime. In Soho the majority of robberies take place at night, people are targeted as they leave venues which is evidenced by the figures. Alongside this is drug dealing which is a real problem, with groups of dealers congregating to sell drugs and specifically targeting people as they leave premises. There are more dealers in the area at night than during the day, this is directly linked to the large number of venues and people out on the streets which creates the drugs market.

If successful this application will increase crime and disorder and fail to promote this licensing objective.

Prevention of Public Nuisance Policy PN1

Under this Policy the criteria applied states, *'the potential for nuisance associated with the style, characteristics and activities of the business to be carried on at the premises and the potential steps which could be taken to reduce the risk of a nuisance occurring. This will particularly apply in areas of residential accommodation and where there is residential accommodation in the proximity of the premises.'*

Mr. Drinkwater raised concern regarding noise nuisance from a new restaurant in an area already saturated with alcohol licences. Residents living in this area already suffer noise nuisance and disturbance from the huge number of people on the streets either visiting the large number of existing licensed premises or those just hanging around and walking through. This area truly transforms in the evening there are far more people on these

streets than during the daytime. These large numbers create a huge amount of noise nuisance and disturbance to residents, coupled with the noise of taxis waiting to pick up patrons, pedicabs waiting and blaring out loud music, plus other antisocial behaviour including street fouling. Adding another licensed premises to this area will result in an increase in nuisance.

In summary

The application proposes a new licensed restaurant until core hours in the West End Cumulative Impact Zone. In our view if granted this application will fail to promote the licensing objectives and increase cumulative impact in the West End Cumulative Impact Zone.

Received:	27 February 2022 (Withdrawn 9th March 2022)
<p>To Whom It May Concern-</p> <p>We very concerned about the upcoming licensing of the 10/11 Moor Street ground floor space. The application to operate a late night place opened until midnight concerns us. The noise and possible problems associated with a late night drinking establishment give us pause.</p> <p>We live directly next door and are less than 20 feet form the entrance to the proposed licensed space. We sure a wall with the venue asking to be open until 11:30 pm and Midnight.</p> <p>When we moved into the neighbouring space it was with the understanding that the venue was being used as a barbershop that closed by 9 pm each night . The type of clientele, noise, and trade created by a ground floor space operating as a Barber shop is COMPLETELY different to a venue used as a bar that will be open until midnight. As the tenant closest to this proposed business we are nervous and concerned about our quality of life shifting substantially. As mentioned our bedroom windows are less than twenty feet from the proposed space. We feel the proposed shift in use of the space will seriously affect our quality of life in a negative way and ask that you limit the operating hours or decline outright the proposed license to allow an establishment that serves alcohol up to the hours of 11:30 pm and midnight.</p> <p>After mediation from the applicant explaining the application, the Interested Party withdrew on the 9th March 2022.</p>	

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:	
Policy CIP1 applies	<p>A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:</p> <ol style="list-style-type: none"> 1. Vary the hours within Core Hours under Policy HRS1, and/or 2. Vary the licence to reduce the overall capacity of the premises. <p>C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.</p> <p>D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.</p>
Policy HRS1 applies	<p>A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.</p> <p>B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:</p> <ol style="list-style-type: none"> 1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or

earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm.

2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation.
3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed.
4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises.
5. The proposed hours when any music, including incidental music, will be played.
6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises.

10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.
11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.
12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.
13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.
14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. Non-specific days are expected to be covered by Temporary Event Notices or variation applications.
