Position

Soho is at the forefront of the late-night economy in Westminster with its numerous restaurants, bars and entertainment establishments. The area is densely populated at night with people out on the streets, resulting in high levels of noise / disturbance, crime and disorder and antisocial behaviour. There are 466 licensed premises in Soho with a large proportion (25%) being late night licences, 118 are licensed between 01:00 - 06:00 with a capacity of over 22,480. This shadow licence application is to mirror the current late night licence and proposes the following condition,

'The shadow licence will not take effect when the current licence is in operation.'

We object to the proposed condition, however we will withdraw our objection if the proposed condition is replaced with relevant model condition MC97 below.

MC97. The shadow licence will not take effect when the current licence is in operation, or it lapses, is surrendered or revoked.

The Licensing Objectives

The Statement of Licensing Policy 2021 or Section 183 Guidance does not provide for any circumstance, exceptional or otherwise, which would permit an application to be granted if the licensing objectives were harmed.

Prevention of Crime and Disorder CD1

Under this Policy the criteria applied is, *'whether the premises make or will make a significant contribution to levels of crime and disorder, and whether the operating schedule is based on an adequate risk assessment, undertaken by the applicant, which takes account of all the relevant considerations below to reduce the likelihood of crime and disorder occurring as a result of the grant of the application.'*

The Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1, **it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average.** It goes on to detail the number and types of crimes in the West End,

- **Public realm crimes:** (serious violence, robberies, theft and drug offences), alcohol-related callouts incidents, anti-social behaviour and demands on services were prevalent in Westminster between 2017 and 2019, among the highest in London and the country. All incidents observed concentrated in the West End many occurring in the evening and at night as well as weekends.
- **Total incident type 2017-2019:** serious violent crimes Night, 795 - proportion of Borough's incidents (31%). **Robberies Night, 2237 (33%). Theft and Handling Night, 24,407 (33%). Drug Offences Night, 1529 (40%).** Noise Complaints Night, 1389 (16%). Reactive Waste Management, 6630 (10%). Ambulance call outs to locations of licensed premises, 5353 (22%). Anti-Social behaviour on transport Night, 592 (13%), Anti-Social behaviour MPS, 9662 (16%). **Total = 50,594.**
- **Data description of incidents in 2017-2019** found all incident categories observed varied both in space and time. Many occurred in the evening and at night and on weekends when alcohol related activities typically peak. Incidents were primarily concentrated in the West End where licensed premises are disproportionately concentrated.
- **Robberies:** clustered within the West End, Charing Cross, Oxford Street in the evening and night.
- **Serious violent crimes:** recorded between 6pm and 6am concentrated overwhelmingly in the West End.

- **Drug related crimes:** Westminster recorded the highest volume of drug offences of any borough between 2017-2019. Half of crimes were reported (48%) in the evening and night time. Drug related crimes between **6pm - 6am** were significantly clustered in and around the West End to varying degrees.
- **Theft and Handling:** most common crime type in the borough, in the evening and night they are particularly concentrated in the West End and along Oxford Street.

Further evidence is provided by the recent crime statistics* comparing the top reported crimes from November 2021 - February 2022 to pre- COVID times highlights the number of serious and violent crimes are on the increase;

Violence against the person serious wounding: 32 up 78% (18 pre - COVID)

Violence against the person assault with injury: 59 up 31% (45 pre-COVID)

Violence against the person common assault: 70 up 18% (59 pre-COVID)

Drugs possession: 115 up 79% (64 pre-COVID)

Sexual offences: 34 up 70% (20 pre-COVID)

* Provided by the Met Police

For residents living in Soho the findings of the Cumulative Impact Assessment is unsurprising, Soho transforms in the evening and night-time into an area which feels very unsafe and where levels of crime and disorder are high. As evidenced above criminal activity associated with the large number of evening and night-time venues and the numbers of people on the streets results in high levels of serious crime. In Soho the majority of robberies take place late at night, people are targeted as they leave late night venues which is borne out by the crime figures. Drug dealing is a particular problem, groups of dealers congregate to sell drugs and specifically target people as they leave premises, there are more dealers in the area at night than during the day.

Prevention of Public Nuisance Policy PN1

Under this Policy the criteria applied states, *'the potential for nuisance associated with the style, characteristics and activities of the business to be carried on at the premises and the potential steps which could be taken to reduce the risk of a nuisance occurring. This will particularly apply in areas of residential accommodation and where there is residential accommodation in the proximity of the premises.'*

Residents already suffer from late night noise, disturbance (pedicabs playing loud music, waiting taxis) anti-social behaviour including street fouling and high levels of crime and disorder from the existing number of licensed premises in the area. We are particularly concerned that residents will be disturbed by intoxicated people leaving these premises.

Cumulative Impact Policy CIP1; this area has been identified by the Westminster City Council as under stress because of the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. The Cumulative Impact Assessment 2020 highlights the cumulative impact in the West End Zone, it states the evidence collected supported further policy restrictions on applications, however the Licensing Authority decided not to implement greater restrictions to other premises uses, however this may be reviewed during the life of the policy (D1).

The growth in the number of licensed premises in Soho has led to a marked deterioration in the quality of life and well-being of local residents and it has jeopardised the sustainability of the community. Soho has a substantial residential community and many of these residents suffer

from problems such as, but not limited to, high levels of noise nuisance, problems with waste, urinating and defecating in the streets, threats to public safety, anti-social behaviour, crime and disorder and the change in character of this historic area.

Please do not hesitate to contact us if you require any further information.

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:

Policy HRS1 applies

- A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.
- B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:
1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm.
 2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation.
 3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed.
 4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises.
 5. The proposed hours when any music, including incidental music, will be played.
 6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises.
 7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity.
 8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night.
 9. The capacity of the premises.
 10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.
 11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.
 12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.
 13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.
 14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly.
