1. EXECUTIVE SUMMARY

- 1.1 As per the Local Government Pension Scheme (LPGS) Management and Investment of Funds Regulations 2016, the Westminster Pension Fund is required to publish an Investment Strategy Statement (ISS).
- 1.2 Attached is the latest version of the updated ISS which sets out the Pension Fund's policy on investment, risk management, LGPS pooling and environmental, social and governance (ESG) issues, for both its own investments and those being managed through the London Collective Investment Vehicle (LCIV).

2. RECOMMENDATIONS

- 2.1 The Committee is requested to:
 - approve the updated Investment Strategy Statement and delegate authority to the Tri-Borough Director of Treasury and Pensions to publish the final ISS.

3. INVESTMENT STRATEGY STATEMENT

- 3.1 The Investment Strategy Statement sets out the requirements of the LGPS legislation and the Pension Fund Committee's terms of reference. The ISS has been prepared in accordance with the government guidance on Preparing and Maintaining an Investment Strategy Statement.
- 3.2 The six main objectives of the legislation are detailed in relation to Westminster City Council's Pension Fund policies and strategies. These are:
- Objective 7.2 (a): A requirement to invest fund money in a wide range of instruments. This sets out how the investment strategy deals with diversification and return to meet the long-term objectives of the fund;
 - Objective 7.2(b): The authority's assessment of the suitability of particular investments and types of investment. This sets out how the Pension Fund Committee assesses the suitability of investments and measures their suitability;
 - Objective 7.2(c): The authority's approach to risk, including ways in which risks are to be measured and managed. This sets out how the Pension Fund Committee assesses the different types of risk in order to establish what is acceptable to ensure that the fund meets its obligations;
 - Objective 7.2(d): The authority's approach to pooling investments, including the use of collective investment vehicles. This sets out the Pension Fund Committee's approach to LGPS pooling and also what the LCIV can offer in terms of investment opportunities;
 - Objective 7.2(e): How environmental, social and governance (ESG) considerations are taken into account in the selection, non-selection, retention and realisation of investments. This sets out how the Fund meets these obligations, and also how potential investments with the LCIV will comply with these obligations;
 - Objective 7.2(f): The exercise of rights (including voting rights) attaching to investments. This sets out how the Fund meets these obligations and also how potential investments with the LCIV will be dealt with.
- 3.3 The ISS also deals in turn with the Funds compliance with the CIPFA Pensions Panel Principles for investment decision making in the LGPS, shown as Appendix A of the ISS. These six principles cover a range of factors as follows:
- Effective decision-making
 - Clear objectives
 - Risk and Liabilities
 - Performance Assessment
 - Responsible Ownership

- Transparency and Reporting

- 3.4 The Fund's compliance with the Stewardship Code 2020 Guidance is set out within Appendix B of the ISS. The Code adopts the same "comply or explain" approach used in the UK Corporate Governance Code. This means that it does not require compliance with principles but, if fund managers and institutional investors do not comply with any of the principles set out, they must explain why they have not done so. The LCIV's Stewardship Statement can be found within Appendix C of the ISS.
- 3.5 The Fund's Responsible Investment policy is set out in Appendix D of the ISS. The purpose of this policy document is to lay out the Fund's approach as to how environmental, social and governance (ESG) considerations are considered in the selection, non-selection, retention and realisation of investments.
- 3.6 The strategic asset allocation of the Fund can be found within Appendix E of the ISS. This sets out the target asset allocation to a variety of assets as well as the review ranges. Once the review range of an asset is triggered, a rebalancing exercise should be undertaken to ensure the Fund stays within its target allocation limits.
